THE TRANSGENDER CHILD

A HANDBOOK FOR PARENTS AND PROFESSIONALS SUPPORTING TRANSGENDER AND NONBINARY CHILDREN

Cleis Press Ever since its initial publication in 2008, *The Transgender Child* has been lauded as the most trusted source of information for families wanting to understand and affirm their transgender, gender-expansive, or nonbinary child. Utilized around the world and translated into multiple languages, *The Transgender Child* has won accolades from medical and mental health professionals, teachers, and, most especially, from parents. Authors Stephanie Brill and Rachel Pepper have now thoroughly revised and updated their groundbreaking classic with expanded coverage of gender development, affirming parenting practices, mental health and wellness, medical decision making, legal advocacy, and how best to ensure school success, from preschool through the high school years. Drawing upon their extensive joint expertise as pioneers in the field of gender affirming care, and enriched with the wisdom of parents who've already walked this path, as well as the voices of multiple professional experts, Brill and Pepper once again provide a compassionate and educational guide for anyone who cares about, or works with, a child who falls outside expected gender norms.

THE TRANSGENDER TEEN

Cleis Press What do you do when your son announces he is transgender and asks that you call her by a new name? Or what if your child uses a term you've never heard of to describe themselves (neutrois, agender, non-binary, genderqueer, androgyne...) and when you didn't know what they meant, they left the room and now won't speak to you about it? Perhaps your daughter recently asked you not to use gendered pronouns when referring to 'her' anymore, preferring that you use "they"; you're left wondering if this is just a phase, or if there's something more that you need to understand about your child. There is a generational divide in our understandings of gender. This comprehensive guidebook helps to bridge that divide by exploring the unique challenges that thousands of families face every day raising a teenager who may be transgender, non-binary, gender-fluid or otherwise gender-expansive. Combining years of experience working in the field with extensive research and personal interviews, the authors cover pressing concerns relating to physical and emotional development, social and school pressures, medical considerations, and family communications. Learn how parents can more deeply understand their children, and raise their non-binary or transgender adolescent with love and compassion.

RAINBOW FAMILY COLLECTIONS: SELECTING AND USING CHILDREN'S BOOKS WITH LESBIAN, GAY, BISEXUAL, TRANSGENDER, AND QUEER CONTENT

SELECTING AND USING CHILDREN'S BOOKS WITH LESBIAN, GAY, BISEXUAL, TRANSGENDER, AND QUEER CONTENT

ABC-CLIO As one of the only highly praised resources on this important topic, this thoughtfully compiled book examines and suggests picture books and chapter books presenting LGBTQ content to children under the age of 12. • A foreword by K.T. Horning of the Cooperative Children's Book Center • An extensive bibliography of picture books, easy chapter

books, nonfiction books and nonprint materials with LGBTQ content for children ages 12 and under • An index of key terms for each title provides easy access to titles representing a specific aspect of LGBTQ culture

LESBIAN, GAY, BISEXUAL, AND TRANSGENDER HEALTHCARE

A CLINICAL GUIDE TO PREVENTIVE, PRIMARY, AND SPECIALIST CARE

Springer Written by experienced clinicians and edited by Vanderbilt Program for LGBTI Health faculty, this book contains up-to-date expertise from physicians renowned for their work in LGBT health. This important text fills an informational void about the practical health needs of LGBT patients in both the primary care and specialty settings remains, and serves as a guide for LGBT preventive and specialty medicine that can be utilized within undergraduate medical education, residency training, and medical practice. Beginning with a short review of LGBT populations and health disparities, it largely focuses on the application and implementation of LGBT best practices within all realms of medical care. In addition, the book offers recommendations for the integration of LGBT health into systems-based practice by addressing intake forms and electronic health records, as well as evidence-based emerging concerns in LGBT health. This is a must-have volume for medical students, residents, and practicing physicians from all medical specialties.

THE TRANS GENERATION

HOW TRANS KIDS (AND THEIR PARENTS) ARE CREATING A GENDER REVOLUTION

NYU Press Winner, 2019 PROSE Award for Anthropology, Criminology and Anthropology, presented by the Association of American Publishers A groundbreaking look at the lives of transgender children and their families Some “boys” will only wear dresses; some “girls” refuse to wear dresses; in both cases, as Ann Travers shows in this fascinating account of the lives of transgender kids, these are often more than just wardrobe choices. Travers shows that from very early ages, some at two and three years old, these kids find themselves to be different from the sex category that was assigned to them at birth. How they make their voices heard—to their parents and friends, in schools, in public spaces, and through the courts—is the focus of this remarkable and groundbreaking book. Based on interviews with transgender kids, ranging in age from 4 to 20, and their parents, and over five years of research in the US and Canada, The Trans Generation offers a rare look into what it is like to grow up as a trans child. From daycare to birthday parties and from the playground to the school bathroom, Travers takes the reader inside the day-to-day realities of trans kids who regularly experience crisis as a result of the restrictive ways in which sex categories regulate their lives and put pressure on them to deny their internal sense of who they are in gendered terms. As a transgender activist and as an advocate for trans kids, Travers is able to document from first-hand experience the difficulties of growing up trans and the challenges that parents can face. The book shows the incredible time, energy, and love that these parents give to their children, even in the face of, at times, unsupportive communities, schools, courts, health systems, and government laws. Keeping in mind that all trans kids are among the most vulnerable to bullying, violent attacks, self-harm, and suicide, and that those who struggle with poverty, racism, lack of parental support, learning differences, etc, are extremely at risk, Travers offers ways to support all trans kids through policy recommendations and activist interventions. Ultimately, the book is meant to open up options for kids’ own gender self-determination, to question the need for the sex binary, and to highlight ways that cultural and material resources can be redistributed more equitably. The Trans Generation offers an essential and important new understanding of childhood.

"YOU'RE IN THE WRONG BATHROOM!"

AND 20 OTHER MYTHS AND MISCONCEPTIONS ABOUT TRANSGENDER AND GENDER-NONCONFORMING PEOPLE

Beacon Press Debunks the twenty-one most common myths and misperceptions about transgender issues From Laverne Cox and Caitlyn Jenner to Thomas Beatie (“the pregnant man”) and transgender youth, coverage of trans lives has been exploding—yet so much misinformation persists. Bringing together the medical, social, psychological, and political aspects of being trans in the United States today, “You’re in the Wrong Bathroom!”: And 20 Other Myths About Transgender and Gender-Nonconforming People unpacks the twenty-one most common myths and misconceptions about transgender and gender-nonconforming people. Authors Laura Erickson-Schroth, MD, a psychiatrist, and Laura A. Jacobs, LCSW-R, a psychotherapist, address a range of fallacies: Trans People Are “Trapped in the Wrong Body” You’re Not Really Trans If You Haven’t Had “the Surgery” Trans People Are a Danger to Others, Especially Children Trans People Are Mentally Ill and Therapy Can Change Them Trans People and Feminists Don’t Get Along

TRANSGENDER FAMILY LAW

A GUIDE TO EFFECTIVE ADVOCACY

Author House Transgender people have unique needs and vulnerabilities in the family law context. Any family law attorney engaged in representing transgender clients must know the ins and outs of this rapidly developing area of law. *Transgender Family Law: A Guide to Effective Advocacy* is the first book to comprehensively address legal issues facing transgender people in the family law context and provide practitioners the tools to effectively represent transgender clients. The chapters address a broad range of topics, including: Culturally Competent Representation, Recognition of Name and Sex, Relationship Recognition and Protections, Protecting Parental Rights, Relationship Dissolution, Parental Rights after Relationship Dissolution, Custody Disputes Involving Transgender Children, Protections for Transgender Youth, Intimate Partner Violence, Estate Planning and Elder Law. Written by attorneys with expertise in both family law and advocacy for transgender clients, including: Kylar W. Broadus, Patience Crozier, Benjamin L. Jerner, Michelle B. LaPointe, Jennifer L. Levi, Morgan Lynn, Shannon Price Minter, Elizabeth E. Monnin-Browder, Zack M. Paakkonen, Terra Slavin, Wayne A. Thomas Jr., Deborah H. Wald, and Janson Wu, *Transgender Family Law* is a must-have, practical guide for attorneys interested in becoming effective advocates for their clients. It is also a valuable resource to consult for any transgender person who is forming, expanding, or dissolving a family relationship.

THE TRANSGENDER CHILD: REVISED & UPDATED EDITION

A HANDBOOK FOR PARENTS AND PROFESSIONALS SUPPORTING TRANSGENDER AND NONBINARY CHILDREN

Cleis Press Ever since its initial publication in 2008, *The Transgender Child* has been lauded as the most trusted source of information for families wanting to understand and affirm their transgender, gender-expansive, or nonbinary child. Utilized around the world and translated into multiple languages, *The Transgender Child* has won accolades from medical and mental health professionals, teachers, and, most especially, from parents. Authors Stephanie Brill and Rachel Pepper have now thoroughly revised and updated their groundbreaking classic with expanded coverage of gender development, affirming parenting practices, mental health and wellness, medical decision making, legal advocacy, and how best to ensure school success, from preschool through the high school years. Drawing upon their extensive joint expertise as pioneers in the field of gender affirming care, and enriched with the wisdom of parents who've already walked this path, as well as the voices of multiple professional experts, Brill and Pepper once again provide a compassionate and educational guide for anyone who cares about, or works with, a child who falls outside expected gender norms.

QUEERING FAMILIES

THE POSTMODERN PARTNERSHIPS OF CISGENDER WOMEN AND TRANSGENDER MEN

Oxford University Press This publication explores a social landscape that continues to challenge the very notion of what constitutes a 'same-sex' or an 'opposite-sex' relationship, marriage, and family.

GENDER BORN, GENDER MADE

RAISING HEALTHY GENDER-NONCONFORMING CHILDREN

The Experiment A groundbreaking guide to caring for children who live outside binary gender boxes We are only beginning to understand gender. Is it inborn or learned? Can it be chosen—or even changed? Does it have to be one or the other? These questions may seem abstract—but for parents whose children live outside of gender “norms,” they are very real. No two children who bend the “rules” of gender do so in quite the same way. Felicia threw away her frilly dresses at age three. Sam hid his interest in dolls and “girl things” until high school—when he finally confided his desire to become Sammi. And seven-year-old Maggie, who sports a boys’ basketball uniform and a long blond braid, identifies as “a boy in the front, and a girl in the back.” But all gender-nonconforming children have one thing in common—they need support to thrive in a society that still subscribes to a binary system of gender. Dr. Diane Ehrensaft has worked with children like Felicia, Sam, and Maggie for over 30 years. In *Gender Born, Gender Made*, she offers parents, clinicians, and educators guidance on both the philosophical dilemmas and the practical, daily concerns of working with children who don’t fit a “typical” gender mold. She debunks outmoded

approaches to gender nonconformity that may actually do children harm. And she offers a new framework for helping each child become his or her own unique, most gender-authentic person.

WHAT DOES GOD THINK?

TRANSGENDER PEOPLE AND THE BIBLE

Cheryl B. Evans A READERS' FAVORITE 2018 AWARD WINNING BOOK. The bestselling author of *I PROMISED NOT TO TELL: Raising a transgender child invites you on a fascinating exploration to discover the truth in What Does God Think? Transgender People and The Bible.* Presented with the idea that her transgender child was "not of God", Cheryl B. Evans set out to see what God really thinks about transgender people. What does the Bible say? Why is there such a big divide among Christians? Why do some Christians insist there is no such thing as a transgender person while other Christians accept and affirm transgender people? And most importantly, what does God think? This LGBT Christian book takes the reader on a journey that is educational and highly revealing. *What Does God Think?* is an invitation to examine the scriptures and give consideration to the social, cultural, and scientific facts that impact what we believe, and the way we internally feel about transgender people. Cheryl B. Evans handles this controversial topic with grace and compassion for people on both sides of this debate. If you have been struggling to understand how someone can be Christian and still accept and affirm transgender people then this book is for you. If you know someone who is struggling to accept a loved one who has come out as trans, this would be the perfect book to recommend. Are you ready to have this conversation? Opinions vary widely on the topic of gender, and gender identity, and when you mix religion into the conversation it gets even more interesting. In this non-fiction book, Evans discusses these important social issues in a calm and nonthreatening way. Making this transgender affirming book an excellent resource for both Christians and non-Christians. Grab your copy now and let's talk! Editorial Reviews: 'Evans presents an accessible introduction to issues surrounding trans identity and Christianity. After a brief explanation of the science of sexual diversity and the growing public awareness of trans people. Evans embarks on a fairly high-level exploration of the difficulty of relying on the Bible to address modern concerns. She builds a case that the Bible is less conservative than many traditionalists assert. Evans's clear, heartfelt writing is a compassionate starting point for discussion.' Publishers Weekly (BookLife) "Superb second book by Cheryl B. Evans. So much great reading in *What Does God Think?* and it is so well presented. "Hallalujah" Well done." Award Winning Author, Viga Boland (*No Tears For My Father*). "What Does God Think? does a great job of beginning a conversation. One that does not judge or condemn but offers valuable thought provoking insights. Ultimately, it delivers a message of truth about God's unconditional love and purposeful creation of each of us. As I have always believed, we are all part of the story which rises out of God's love and Jesus' teachings, transcending time. Love is like that. Good teaching is like that. They have iconoclastic power to draw humanity to the good however slow the process may be. This book has the power to bring comfort and spiritual healing to individuals seeking to understand how being transgender is not against God. It was a privilege to review *What Does God Think?* and in doing so I have expanded my knowledge about transgender people." The Reverend Dr. Janet Brigham Reader Review: "A must read for Christian Transgender issues I thought I was going to have to walk away from Christianity when my son came out as trans. There is hope that some people are open minded in the church." Edward. "This book perfectly sums up the seemingly inconsistent struggle between transgender people, the Christian Church, and God. Conflicting views abound and its easy to get confused especially when raising a transgender child yourself, having praised and loved God your whole life, only to be told by some that your child simply isn't good enough or is actually possessed by demons. This book will dispel fears and gives a good wholesome perspective on the situation. Just breath, continue to love God, continue to love your child, and don't let 'other people's opinions' confuse you. Highly recommended." Catirona Borman

MENTAL HEALTH AND MENTAL DISORDERS: AN ENCYCLOPEDIA OF CONDITIONS, TREATMENTS, AND WELL-BEING [3 VOLUMES]

AN ENCYCLOPEDIA OF CONDITIONS, TREATMENTS, AND WELL-BEING

ABC-CLIO Serving as an indispensable resource for students and general-interest readers alike, this three-volume work provides a comprehensive view of mental health that covers both mental well-being and mental illness. • Provides exhaustive content that affords readers a holistic understanding of mental health and mental disorders • Features extensive cross-referencing that allows readers to easily see connections and relationships between different entries • Offers end-of-entry further readings that serve as a gateway to additional information for study • Reflects on common perceptions and portrayals of mental health through a variety of pop culture-oriented entries that focus on subjects such as television shows and movies

THE NEW ESSENTIAL GUIDE TO LESBIAN CONCEPTION, PREGNANCY, & BIRTH

She covers the latest information in insemination and fertility technology and presents the most up-to-date information on developments in all areas of conception and pregnancy. 27/10/2005

TENDING THE FLAME

Unitarian Universalist Association of Congregations

GENDER HURTS

A FEMINIST ANALYSIS OF THE POLITICS OF TRANSGENDERISM

Routledge It is only recently that transgenderism has been accepted as a disorder for which treatment is available. In the 1990s, a political movement of transgender activism coalesced to campaign for transgender rights. Considerable social, political and legal changes are occurring in response and there is increasing acceptance by governments and many other organisations and actors of the legitimacy of these rights. This provocative and controversial book explores the consequences of these changes and offers a feminist perspective on the ideology and practice of transgenderism, which the author sees as harmful. It explores the effects of transgenderism on the lesbian and gay community, the partners of people who transgender, children who are identified as transgender and the people who transgender themselves, and argues that these are negative. In doing so the book contends that the phenomenon is based upon sex stereotyping, referred to as 'gender' - a conservative ideology that forms the foundation for women's subordination. Gender Hurts argues for the abolition of 'gender', which would remove the rationale for transgenderism. This book will be of interest to scholars and students of political science, feminism and feminist theory and gender studies.

COMING OUT AS TRANSGENDER

The Rosen Publishing Group, Inc An accessible guide to coming out to family and friends, this title provides transgender readers with insight about what steps to take when thinking about coming out. It addresses how to answer questions that friends and family might ask as well as the potential steps involved in a gender transition. For trans allies, this resource is a useful tool to understand how to be supportive of a loved one during their journey to express their true gender. Readers also will learn how to fight back against transgender discrimination at school and in their community.

HEALTH ISSUES WHEN YOU'RE TRANSGENDER

The Rosen Publishing Group, Inc This book explores the health issues encountered by transgender people, including mental and emotional health, gender dysphoria, hormone replacement therapy (including puberty-blocking hormones), gender affirmation surgery, and more. Also covered are the pros and cons of hormone therapy and gender reassignment surgery as well as barriers to health care that transgender people frequently face and advice on dealing with a health care system marked by cissexism.

FAR FROM THE TREE

PARENTS, CHILDREN AND THE SEARCH FOR IDENTITY

Random House ***** BBC Radio 4 Book of the Week ***** ~Andrew Solomon(tm)s investigation of many of the most intense challenges that parenthood can bring compels us all to re-examine how we understand human difference. Perhaps the greatest gift of this monumental book, full of facts and full of feelings, is that it constantly makes one think, and think again.~ Philip Gourevitch In this seminal new study of family, Andrew Solomon tells the stories of parents who learn to deal with their exceptional children and find profound meaning in doing so. He introduces us to families coping with deafness, dwarfism, Down syndrome, autism, schizophrenia, disability, with children who are prodigies, who are conceived in rape, who become criminals, who are transgender. While each of these characteristics is potentially isolating, Solomon documents repeated triumphs of human love and compassion to show that the shared experience of difference is what unites us. ~Reading Far from the Tree is a mind-opening experience.~ Eric

Kandel Drawing on interviews with over three hundred families, Solomon documents ordinary people making courageous choices, whether considering prenatal screening for genetic disorders, cochlear implants for the deaf, or gender reassignment surgery. Parents and children are challenged to their limits, but often grow closer as a result; many discover supportive communities of others similarly affected; some are inspired to become activists, celebrating the conditions they once feared. Elegantly reported by a spectacularly original thinker, *Far From The Tree* explores themes of generosity, acceptance and tolerance " and shows how love for one's children can transcend every prejudice. This crucial and revelatory book expands our definition of what it is to be human. "A brave and ambitious work, bringing together science, culture and a powerful empathy. Solomon tells us that we have more in common with each other " even with those who seem anything but normal " than we would ever have imagined." Malcolm Gladwell

TRANSGENDER INTIMATE PARTNER VIOLENCE

A COMPREHENSIVE INTRODUCTION

NYU Press A groundbreaking overview of transgender relationship violence In the course of their lives, around fifty percent of transgender people will experience intimate partner violence in their relationships—including psychological, physical, or sexual abuse. In *Transgender Intimate Partner Violence*, Adam M. Messinger and Xavier L. Guadalupe-Diaz bring together a diverse group of scholars, service providers, activists, and others to examine this widespread problem, shedding light on the often-hidden experiences of transgender survivors. Drawing on two decades of research, contributors explore transgender intimate partner violence in all of its complexities, offering an overview of this emerging body of policy, research, and practice. They offer best practices to enhance research, services, and healing for transgender survivors. A revolutionary volume, *Transgender Intimate Partner Violence* offers insight into how to create a compassionate and inclusive world for transgender communities.

FAMILIES IN AMERICA

A REFERENCE HANDBOOK

ABC-CLIO Examines the issues surrounding families in America, including diversity in family life, family planning, divorce, single-parent families, abusive family relationships, and gay and lesbian families.

Collins and Nancy Patricia O'Brien, distinguished librarians in the study of education · Author attributions for each definition · An extensive, updated bibliography of sources that identify and explain terms used within education

THESE ARE OUR BODIES

TALKING FAITH & SEXUALITY AT CHURCH & HOME - PARENT BOOK

Church Publishing, Inc. Sexuality and faith formation for a lifetime"

THE QUEER PARENT'S PRIMER

A LESBIAN AND GAY FAMILIES' GUIDE TO NAVIGATING THE STRAIGHT WORLD

New Harbinger Publications Incorporated When a family is headed by two women, which one is the mommy? If two dads show up at the soccer game, what do you tell your teammates? As families evolve into new constellations, the practical challenges attached to raising children are enormous. There may be custody disputes, public queer-bashing, and other forms of homophobic intolerance that the whole family is forced to endure. This empathetic guide offers gay and lesbian parents some real-life parenting solutions to the many obstacles they encounter. Through examples and interactive exercises, author Stephanie Brill encourages parents to think their way through conflict, and find ways to define and protect their family, and nourish a proud and loving household. There is plenty of concrete advice to help readers present their families with pride, and to teach children to resist gender stereotyping. The author deftly handles loaded issues such as coming out, finding culturally sensitive childcare and making decisions about spirituality and family celebrations. The special concerns of single parents and the complications of breaking up are addressed as well.

TRANS/PORTRAITS

VOICES FROM TRANSGENDER COMMUNITIES

Dartmouth College Press Although transgender people are increasingly represented in academic studies and popular culture, they rarely have the opportunity to add their own voices to the conversation. In this remarkable book, Jackson Shultz records the stories of more than thirty Americans who identify as transgender. They range in age from fifteen to seventy-two; come from twenty-five different states and a wide array of racial, religious, and socioeconomic backgrounds; and identify across a vast spectrum of genders and sexualities. Giving voice to a diverse group of individuals, the book raises questions about gender, acceptance, and unconditional love. From historical descriptions of activism to personal stories of discrimination, love, and community, these touching accounts of gender transition shed light on the uncharted territories that lie beyond the gender binary. Despite encounters with familial rejection, drug addiction, and medical malpractice, each account is imbued with optimism and humor, providing a thoughtful look at the daily joys and struggles of transgender life. With an introduction and explanations from the author, this work will appeal to transgender individuals, their significant others, friends, family, and allies; health-care providers, educators, and legal professionals; and anyone questioning their own gender, considering transition, or setting out on their own transition journey.

TRAVERSING GENDER

UNDERSTANDING TRANSGENDER REALITIES

Mystic Productions Press In the current age of gender identity and transgender awareness, many questions are coming to light for everyone. Whether brought about by media and cultural attention or personal journeys, individuals who have never heard of transgender, transsexual, or gender variant people can feel lost or confused. Information can be hard to find, and is often fragmented or biased. Meanwhile, trans people are getting a chance to dialogue with each other and finally be heard by the world at large. In *Traversing Gender: Understanding Transgender Realities*, author Lee Harrington helps make the intimate discussions of gender available for everyone to understand. Topics include: What the words "trans" "transgender" mean, differences (and crossovers) between sex, gender, and orientation, the wide array and types of trans experiences, social networking and emotional support systems for trans people, navigating medical care, from the common cold to gender-specific procedures, what "transitioning" looks like, from a variety of different approaches, how legal systems interplay with gender and trans issues, extra challenges based on gender, race, class, age and disability, skills and information on being a successful trans ally. Bringing these personal matters into the light of day, this reader-friendly resource is written for students, professionals, friends, and family members, as well as members of the transgender community itself.

THE ABCS OF DIVERSITY

HELPING KIDS (AND OURSELVES!) EMBRACE OUR DIFFERENCES

Chalice Press Learn the language of diversity and raise kids who respect differences and honor similarities. The ABCs of Diversity equips parents, teachers, and community leaders

to have intergenerational and intercultural conversations about the differences between us. In addition to discussions of race, intercultural dialogue involves understanding our differences related to political affiliation, gender, class, religion, ability, nationality, and sexual orientation. This book helps parents and teachers of children, youth, and young adults navigate conversations about differences so they can raise up individuals committed to respectful civic engagement. Such intercultural dialogues can support communities as they work for the mutual well-being of all. This book includes specific resources and activities for persons of various ages that parents and community leaders can employ to encourage compassion and empathy. An ideal resource for teachers, parents, ministry personnel, non-profit leaders, human resources directors, and librarians.

FROM THE DRESS-UP CORNER TO THE SENIOR PROM

NAVIGATING GENDER AND SEXUALITY DIVERSITY IN PREK-12 SCHOOLS

R&L Education Very few PreK-12 teachers are adequately trained to address the gender identity and sexual identity of their students in a developmentally-appropriate and pedagogically-sound manner. Yet responsible adults—parents, educators, pre-service teachers, coaches, religious instructors, camp administrators and school counselors— must help children navigate the inherently diverse, increasingly complex world of gender and sexuality in the twenty-first century. *From the Dress-Up Corner to the Senior Prom* is a practical, forward thinking resource for anyone involved in educating children and adolescents. Jennifer Bryan takes readers into classrooms, administrative meetings, recess, parent conferences, and the annual pep rally to witness the daily manifestations of Gender and Sexuality Diversity at school. She provides a coherent framework for understanding what readers "see," and invites them to use a contemporary, heart/mind perspective as they consider the true developmental needs of all elementary, middle, and high school students. The book features thoughtful questions, models of dialogue, accessible lesson plans, and many pedagogical strategies. At the heart of this book, though, are the evocative stories from teachers, students, and parents that Bryan has listened to over the span of her career. These personal anecdotes bring the comprehensive explorations of this seminal work to life.

BIOETHICS

AN ANTHOLOGY

John Wiley & Sons The new edition of the classic collection of key readings in bioethics, fully updated to reflect the latest developments and main issues in the field For more than two decades, *Bioethics: An Anthology* has been widely regarded as the definitive single-volume compendium of seminal readings on both traditional and cutting-edge ethical issues in biology and medicine. Acclaimed for its scope and depth of coverage, this landmark work brings together compelling writings by internationally-renowned bioethicist to help readers develop a thorough understanding of the central ideas, critical issues, and current debate in the field. Now fully revised and updated, the fourth edition contains a wealth of new content on ethical questions and controversies related to the COVID-19 pandemic, advances in CRISPR gene editing technology, physician-assisted death, public health and vaccinations, transgender children, medical aid in dying, the morality of ending the lives of newborns, and much more. Throughout the new edition, carefully selected essays explore a wide range of topics and offer diverse perspectives that underscore the interdisciplinary nature of bioethical study. Edited by two of the field's most respected scholars, *Bioethics: An Anthology*: Covers an unparalleled range of thematically-organized topics in a single volume Discusses recent high-profile cases, debates, and ethical issues Features three brand-new sections: Conscientious Objection, Academic Freedom and Research, and Disability Contains new essays on topics such as brain death, life and death decisions for the critically ill, experiments on humans and animals, neuroethics, and the use of drugs to ease the pain of unrequited love Includes a detailed index that allows the reader to easily find terms and topics of interest *Bioethics: An Anthology, Fourth Edition* remains a must-have resource for all students, lecturers, and researchers studying the ethical implications of the health-related life sciences, and an invaluable reference for doctors, nurses, and other professionals working in health care and the biomedical sciences.

LGBT VICTORIANS

SEXUALITY AND GENDER IN THE NINETEENTH-CENTURY ARCHIVES

Oxford University Press It has been decades since Michel Foucault urged us to rethink "the repressive hypothesis" and see new forms of sexual discourse as coming into being in the nineteenth century, yet the term "Victorian" still has largely negative connotations. *LGBT Victorians* argues for re-visiting the period's thinking about gender and sexual identity at a time when our queer alliances are fraying. We think of those whose primary self-definition is in terms of sexuality (lesbians, gay men, bisexuals) and those for whom it is gender

identity (intersex and transgender people, genderqueers) as simultaneously in coalition and distinct from each other, on the assumption that gender and sexuality are independent aspects of self-identification. Re-examining how the Victorians considered such identity categories to have produced and shaped each other can ground a more durable basis for strengthening our present LGBTQ+ coalition. *LGBT Victorians* draws on scholarship reconsidering the significance of sexology and efforts to retrospectively discover transgender people in historical archives, particularly in the gap between what the nineteenth century termed the sodomite and the hermaphrodite. It highlights a broad range of individuals (including Anne Lister, and the defendants in the "Fanny and Stella" trial of the 1870s), key thinkers and activists (including Karl-Heinrich Ulrichs and Edward Carpenter), and writers such as Walt Whitman and John Addington Symonds to map the complicated landscape of gender and sexuality in the Victorian period. In the process, it decenters Oscar Wilde and his imprisonment from our historical understanding of sexual and gender nonconformity.

THE HIDDEN CASE OF EWAN FORBES

AND THE UNWRITTEN HISTORY OF THE TRANS EXPERIENCE

Simon and Schuster The life story of an aristocratic Scottish trans man—whose secret 1968 legal case had a profound impact on trans rights for decades. Ewan Forbes was born to a wealthy, landowning family, holders of a baronetcy, in Aberdeenshire, Scotland, in 1912. Assigned female at birth, his true identity was nevertheless clear even in childhood—and so, with the support of his mother, he was taken to European specialists and eventually treated with early preparations of synthetic testosterone. Raised as a boy at home but socially obliged to present himself as a girl in public until his official coming out to the Queen, Ewan grew up, became a doctor, and got married. (This required him to change the sex on his birth certificate, which was possible at that time without much fuss.) For decades, he lived a quiet life as a husband, doctor, and a pillar of the local community. But in 1965, Ewan's older brother died unexpectedly—meaning that Ewan was set to inherit the baronetcy. His title could only be inherited by the next oldest man in the family and when his cousin John—spurred on by Ewan's sister—contested the inheritance he was forced to defend his male status in Scotland's supreme civil court, where he prevailed. This hugely important case would have changed the lives of trans people across the world—if it hadn't been hidden. The hearing was conducted privately, the media were gagged, and those involved were sworn to secrecy. The case remained unknown until 1996 and now finally is described here, along with the life of Ewan Forbes, for the first time. Enlightening and galvanizing, *The Hidden Case of Ewan Forbes* is a singular contribution to trans history and the ongoing struggle for trans rights.

GENDER(ED) IDENTITIES

CRITICAL REREADINGS OF GENDER IN CHILDREN'S AND YOUNG ADULT LITERATURE

Taylor & Francis This volume brings together diverse, cross-disciplinary scholarly voices to examine gender construction in children's and young adult literature. It complements and updates the scholarship in the field by creating a rich, cohesive examination of core questions around gender and sexuality in classic and contemporary texts. By providing an expansive treatment of gender and sexuality across genres, eras, and national literature, the collection explores how readers encounter unorthodox as well as traditional notions of gender. It begins with essays exploring how children's and YA literature construct communities formed by gender, ethnicity, sexuality, and in face-to-face and virtual spaces. Section II's central focus is how gendered identities are formed, unpacking how texts for young readers ranging from Amish youth periodicals to the blockbuster *Divergent* series trace, reproduce, and shape gendered identity socialization. In section III, the essential literary function of translating trauma into narrative is addressed in classics like *Anne of Green Gables* and *Pollyanna*, as well as more recent works. Section IV's focus on sexuality and romance encompasses fiction and nonfiction works, examining how children's and young adult literature can serve as a regressive, progressive, and transgressive site for construction meaning about sex and romance. Last, Section IV offers new readings of paratextual features in literature for children -- from the classic tale of *Cinderella* to contemporary illustrated novels. The key achievement of this volume is providing an updated range of multidisciplinary and methodologically diverse analyses of critically and commercially successful texts, contributing to the scholarship on children's and YA literature; gender, sexuality, and women's studies; and a range of other disciplines.

BEYOND MAGENTA

TRANSGENDER TEENS SPEAK OUT

Candlewick Press A 2015 Stonewall Honor Book A groundbreaking work of LGBT literature takes an honest look at the life, love, and struggles of transgender teens. Author and

photographer Susan Kuklin met and interviewed six transgender or gender-neutral young adults and used her considerable skills to represent them thoughtfully and respectfully before, during, and after their personal acknowledgment of gender preference. Portraits, family photographs, and candid images grace the pages, augmenting the emotional and physical journey each youth has taken. Each honest discussion and disclosure, whether joyful or heartbreaking, is completely different from the other because of family dynamics, living situations, gender, and the transition these teens make in recognition of their true selves.

HELPING YOUR TRANSGENDER TEEN, 2ND EDITION

A GUIDE FOR PARENTS

This book offers essential guidance to parents of transgender and non-binary teens to help them support and understand their children. It alleviates common concerns parents have and gives advice on hormones and surgery, use of pronouns and how to transition socially. It also includes sample family letters, case studies and further reading.

RAISING THE TRANSGENDER CHILD

A COMPLETE GUIDE FOR PARENTS, FAMILIES, AND CAREGIVERS

Seal Press "Raising the Transgender Child is the complete guide for parents, teachers, practitioners, and caregivers of transgender children. Written by top experts in the field, this complete and compassionate guide includes first-hand stories from families, the most up-to-date science, and all the advice parents need to raise happy, confident, transgender children. Written by Dr. Michele Angello, a leading therapist and go-to expert in the field of transgender parenting and Ali Bowman, bestselling writer and the mother of a transgender boy, Raising the Transgender Child is written specifically for parents, families, educators, and mentors who support transgender youth. Readers will discover a wealth of science-backed information, written in a warm, journalistic style, and a friendly and practical structure full of lists and tips that are sure to comfort, guide, and inspire the family and friends of transgender children that their children can lead normal, happy lives. Offering warm, specific, actionable advice, Raising the Transgender Child addresses all aspects of transgender childhood, including coming-out letters, identity challenges, school communications, and more. Readers will return to this book over and over again as their children grow into happy, well-adjusted, fulfilled adults"--

GENDER, PSYCHOLOGY, AND JUSTICE

THE MENTAL HEALTH OF WOMEN AND GIRLS IN THE LEGAL SYSTEM

NYU Press Reveals how gender intersects with race, class, and sexual orientation in ways that impact the legal status and well-being of women and girls in the justice system. Women and girls' contact with the justice system is often influenced by gender-related assumptions and stereotypes. The justice practices of the past 40 years have been largely based on conceptual principles and assumptions—including personal theories about gender—more than scientific evidence about what works to address the specific needs of women and girls in the justice system. Because of this, women and girls have limited access to equitable justice and are increasingly caught up in outdated and harmful practices, including the net of the criminal justice system. Gender, Psychology, and Justice uses psychological research to examine the experiences of women and girls involved in the justice system. Their experiences, from initial contact with justice and court officials, demonstrate how gender intersects with race, class, and sexual orientation to impact legal status and well-being. The volume also explains the role psychology can play in shaping legal policy, ranging from the areas of corrections to family court and drug court. Gender, Psychology, and Justice provides a critical analysis of girls' and women's experiences in the justice system. It reveals the practical implications of training and interventions grounded in psychological research, and suggests new principles for working with women and girls in legal settings.

GROWING UP QUEER

KIDS AND THE REMAKING OF LGBTQ IDENTITY

NYU Press LGBTQ kids reveal what it's like to be young and queer today Growing Up Queer explores the changing ways that young people are now becoming LGBT-identified in the US. Through interviews and three years of ethnographic research at an LGBTQ youth drop-in center, Mary Robertson focuses on the voices and stories of youths themselves in order

to show how young people understand their sexual and gender identities, their interest in queer media, and the role that family plays in their lives. The young people who participated in this research are among the first generation to embrace queer identities as children and adolescents. This groundbreaking and timely consideration of queer identity demonstrates how sexual and gender identities are formed through complicated, ambivalent processes as opposed to being natural characteristics that one is born with. In addition to showing how youth understand their identities, *Growing Up Queer* describes how young people navigate queerness within a culture where being gay is the “new normal.” Using Sara Ahmed’s concept of queer orientation, Robertson argues that being queer is not just about one’s sexual and/or gender identity, but is understood through intersecting identities including race, class, ability, and more. By showing how society accepts some kinds of LGBTQ-identified people while rejecting others, *Growing Up Queer* provides evidence of queerness as a site of social inequality. The book moves beyond an oversimplified examination of teenage sexuality and shows, through the voices of young people themselves, the exciting yet complicated terrain of queer adolescence.

THE WILEY-BLACKWELL COMPANION TO SOCIOLOGY

John Wiley & Sons Featuring a collection of original chapters by leading and emerging scholars, *The Wiley-Blackwell Companion to Sociology* presents a comprehensive and balanced overview of the major topics and emerging trends in the discipline of sociology today. TRANS BODIES, TRANS SELVES

A RESOURCE FOR THE TRANSGENDER COMMUNITY

Oxford University Press, *USA Trans Bodies, Trans Selves* is a groundbreaking, personal, and informative guide for the transgender population, covering health, legal issues, cultural and social questions, history, theory, and more. It is a place for transgender and gender-questioning people, their partners and families, students, professors, and guidance counselors, to look for up-to-date information on transgender life.

THE ULTIMATE GUIDE TO PREGNANCY FOR LESBIANS

HOW TO STAY SANE AND CARE FOR YOURSELF FROM PRE-CONCEPTION THROUGH BIRTH

Cleis Press *The Ultimate Guide to Pregnancy for Lesbians* covers everything you need to make the thrilling and challenging journey to motherhood: from choosing a donor to tracking fertility to signing the right papers on the dotted lines. Rachel Pepper's lively, easy-to-read guide is the first place to go for up-to-date information and sage advice on everything from sex in the sixth month to negotiating family roles. Why a second edition? When the acclaimed first edition appeared, the author's daughter was only a few months old. This new edition takes into account the parenting know-how Pepper has developed over the intervening six years, as well as the evolving legal status of lesbian parents, and the increasing importance of the Internet for information on fertility, sperm banks, and donors. The resource section is greatly expanded, as are the sections on each trimester of pregnancy, on childbirth, and on life with a newborn. And Pepper provides more insight into preconception planning for both single lesbians and couples. An indispensable resource, *The Ultimate Guide to Pregnancy for Lesbians* is now bigger and better.
