## ISLAMIC GARDENS AND LANDSCAPES

---

**University of Pennsylvania Press** "In the course of my research," writes D. Fairchild Ruggles, "I devoured Arabic agricultural manuals from the tenth through the fourteenth centuries. I love gardening, and in these texts I was able to enter the minds of agriculturalists and botanists of a thousand years ago who likewise believed it was important and interesting to record all the known ways of propagating olive trees, the various uses of rosemary, and how best to fertilize a garden bed." Western admirers have long seen the Islamic garden as an earthly reflection of the paradise said to await the faithful. However, such simplification, Ruggles contends, denies the sophistication and diversity of the art form. *Islamic Gardens and Landscapes* immerses the reader in the world of the architects of the great gardens of the Islamic world, from medieval Morocco to contemporary India. Just as Islamic culture is historically dense, sophisticated, and complex, so too is the history of its built landscapes. Islamic gardens began from the practical need to organize the surrounding space of human civilization, tame nature, enhance the earth's yield, and create a legible map on which to distribute natural resources. Ruggles follows the evolution of these early farming efforts to their aristocratic apex in famous formal gardens of the Alhambra in Spain and the Taj Mahal in Agra. Whether in a humble city home or a royal courtyard, the garden has several defining characteristics, which Ruggles discusses. Most notable is an enclosed space divided into four equal parts surrounding a central design element. The traditional Islamic garden is inwardly focused, usually surrounded by buildings or in the form of a courtyard. Water provides a counterpoint to the portioned green sections. Ranging across poetry, court documents, agronomy manuals, and early garden representations, and richly illustrated with pictures and site plans, *Islamic Gardens and Landscapes* is a book of impressive scope sure to interest scholars and enthusiasts alike.

## LEVIATHAN

---

**Strelbytskyy Multimedia Publishing** *Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil* is a

book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. Leviathan is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a powerful state ("God of the death"). He starts with a postulate about a natural human state ("the war of all against all") and develops the idea "man is a wolf to a man". When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights - to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The book was banned several times in England and Russia.

## A PURRFECT MATCH

---

**Dreamspinner Press** When a bad day at work culminates in losing out on a promotion, Jim Sanders shifts into his animal form to let off steam. Then his bad day turns into a bad night-while prowling his Atlantic City neighborhood as a large gray house cat, he's caught in a torrential downpour. What little luck he has washes down the gutter when his new boss, Andrew Wright, catches him taking shelter on his porch, brings him inside, and starts calling him Mr. Frosty. As a feline, Jim becomes the inadvertent confessor for his boss's lonely son, Tony, a victim of schoolyard bullying. As a human, he feels drawn to Andrew, a man he wanted to resent. Finding love was never part of Jim's plan for the future-not with his bizarre secret-yet suddenly he finds himself navigating that minefield anyway. But not everything is easy, especially for an interracial gay couple dealing with prejudice in the workplace, at Tony's school, and even within their own families.

## AN INTERDISCIPLINARY APPROACH

---

**Walter de Gruyter GmbH & Co KG** An interdisciplinary approach, crucial as it is in most fields of research, proves itself to be unescapable in the study of interactions between the ancient Armenian and Greek worlds and literatures. The volume arises from such an awareness and collects papers presented in a conference which has been organized in 2013 at the University of Genova, thanks to

a cooperation with the Université Paris-Sorbonne, following in the footsteps of a tradition inaugurated by Giancarlo Bolognesi in the years '80 and '90. The subject is explored from many points of view: the topic of Armenian translations of Greek texts - with considerations of a methodological nature and the discussion of case-studies -, aspects which pertain to the historical context and the historiographical sources, the wide theme of the Armenian reception of Biblical, Christian and Byzantine literature, and finally philological, linguistic and lexical problems. The aim of this kind of research is to exploit the cooperation among classical philologists, linguists and Armenologists, in order to face the challenge of investigating a subject which requires many different competences.

## **THE STORY OF MY 83RD BIRTHDAY**

---

**Oxford University Press** *W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, In Battle for Peace frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial-he was later acquitted-and faced political persecution for over a decade. Part autobiography and part political statement, In Battle for Peace remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.*

### ALONE

---

**Sourcebooks, Inc.** *This must-read for lovers of Stephen King's *The Shining* will leave readers breathless as Seda and her family find themselves at the mercy of a murderer in an isolated and snowbound hotel. Get ready for what Kirkus calls "A bloody, wonderfully creepy scare ride." When her mom inherits an old, crumbling mansion, Seda's almost excited to spend the summer there. The grounds are beautiful and it's fun to explore the sprawling house with its creepy rooms and secret passages. Except now her mom wants to renovate, rather than sell the estate—which means they're not going back to the city...or Seda's friends and school. As the days grow shorter, Seda is filled with dread. They're about to be cut off from the outside world, and she's not sure she can handle the solitude or the darkness it brings out in her. Then a group of teens get stranded near the mansion during a blizzard. Seda has no choice but to offer them shelter, even though she knows danger lurks in the dilapidated mansion—and in herself. And as the snow continues to fall, what Seda fears most is about to become her reality...*

## **MUGHAL ARCHITECTURE**

---

---

### **AN OUTLINE OF ITS HISTORY AND DEVELOPMENT (1526 - 1858)**

---

*The architecture created in southern Asia under the patronage of the great Mughals (1526-1858) is one of the richest and most inventive of the Islamic area, including such world famous buildings as the Taj Mahal in Agra or the tomb of Humayun in Delhi, the palaces and mosques in Agra, Delhi, Fatehpur Sikri and Lahore. All buildings types are considered, not only the well known masterpieces but also country houses, hunting palaces, gardens, mausoleums, mosques, bath houses, bazaars and other public buildings. Many of these are still unknown even to specialists. The unique book, covering the whole range of Mughal architecture and including numerous new photographs and detailed plans presents the results of the author's extensive field work in India, Pakistan and Bangladesh as well as Iran and the central Asian region of the Soviet Union. The author's in-depth knowledge of the original sources provides the reader with invaluable background information.*

## **JERUSALEM**

---

**Musaicum Books** *The poem was inspired by the apocryphal story that a young Jesus, accompanied by his uncle Joseph of Arimathea,*

a tin merchant, travelled to what is now England and visited Glastonbury during the unknown years of Jesus. The legend is linked to an idea in the Book of Revelation describing a Second Coming, wherein Jesus establishes a new Jerusalem. The Christian Church in general, and the English Church in particular, has long used Jerusalem as a metaphor for Heaven, a place of universal love and peace. In the most common interpretation of the poem, Blake implies that a visit by Jesus would briefly create heaven in England, in contrast to the "dark Satanic Mills" of the Industrial Revolution. Blake's poem asks questions rather than asserting the historical truth of Christ's visit. Thus the poem merely implies that there may, or may not, have been a divine visit, when there was briefly heaven in England. William Blake (1757 - 1827) was a British poet, painter, visionary mystic, and engraver, who illustrated and printed his own books. Blake proclaimed the supremacy of the imagination over the rationalism and materialism of the 18th-century. Largely unrecognized during his lifetime, Blake is now considered a seminal figure in the history of both the poetry and visual arts of the Romantic Age.
