You get to meet Jesus Christ Himself 1. You get a life-changing book that you can share with a friend! The Supermarine Walrus The Story of a Unique Aircraft London : Foulis Beskriver det engelske Vickers Supermarine Walrus amfibiefly, som under 2. verdenskrig blev anvendt til mange opgaver, herunder eftersøgnings- og redningsmissioner You Can Help Your Country English Children's Work During the Second World War As men and women throughout England were called up for war work during World War II, the country needed to generate as much food and wealth as possible to support them. Children quickly came to be seen as a vital resource. Many children worked the land, planting and harvesting crops, raising money for the war effort, and carrying out a range of other tasks. That war work followed on debates throughout the preceding decades about the character and proper activities of childhood, debates that saw commentators in education and workers' organizations arguing about whether children should stay in school and learn or should combine their education with war-related work. The work of children during the war raised a question that still has relevance today: Should children be conceptualized as citizens of the future or as participating citizens now? That debate has led to even larger questions about the social construction of childhood. As children have increasingly withdrawn from paid and unpaid work, their contribution today can best be understood through their work at school, though that work is often disguised or devalued as mere socialization. The interwar years and the war years in England were a key time for re-thinking childhood, and the issues that were raised then still have relevance to the role of children in society today. Pro Full-Text Search in SQL Server 2008 Apress Businesses today want actionable insights into their data—they want their data to reveal itself to them in a natural and user-friendly form. What could be more natural than human language? Natural-language search is at the center of a storm of ever-increasing web-driven demand for human-computer communication and information access. SQL Server 2008 provides the tools to take advantage of the features of its built-in enterprise-level natural-language search engine in the form of integrated full-text search (iFTS). iFTS uses text-aware relational queries to provide your users with fast access to content. Whether you want to set up an enterprise-wide Internet or intranet search engine or create less ambitious natural-language search applications, this book will teach you how to get the most out of SQL Server 2008 iFTS: Introducing powerful iFTS features in SQL Server, such as the FREETEXT and CONTAINS predicates, custom thesauruses, and stop lists Showing you how to optimize full-text query performance through features like full-text indexes and iFilters Providing examples that help you understand and apply the power of iFTS in your daily projects Extraordinary Animals An Encyclopedia of Curious and Unusual Animals Greenwood Publishing Group A compendium of the strangest and most unusual animals in the animal kingdom. Associations' Publications in Print 1981- in 2 v.: v.1, Subject index; v.2, Title index, Publisher/title index, Association name index, Acronym index, Key to publishers' and distributors' abbreviations. Working the Land A History of the Farmworker in England from 1850 to the Present Day Palgrave Macmillan This book offers a new history of the farmworker in England from 1850 to the present day. It focuses on the paid worker, considering how the experiences of farm work - the work performed, wages earned and conditions of hiring - were shaped by gender, age and region. Combining data extracted from statistical sources with personal and autobiographical accounts, it places the individual farmworker back into a broader collective history. Beginning in the mid-Victorian era,

when farmworkers were the most numerically significant occupational group in England, it considers the impact of economic, technological and social change on the scale and nature of farm work over the next hundred and fifty years, whilst also highlighting the continuation of some practices, including the use of casual and migrant workers to perform low-paid, seasonal work. Written in a lively and accessible manner, this book will appeal to those with an interest in rural history, gender history and modern British history.

Antarctic Comrades An American with the Russians in Antarctica An American scientist recounts his experiences working with a Russian research team in Antarctica and discusses the benefits of international cooperation

The Philosophy of Christopher Nolan Lexington Books As a director, writer, and producer, Christopher Nolan has substantially impacted contemporary cinema through avant garde films, such as *Following* and *Memento*, and his contribution to wider pop culture with his Dark Knight trilogy. His latest film, *Interstellar*, delivered the same visual qualities and complex, thought-provoking plotlines his audience anticipates. *The Philosophy of Christopher Nolan* collects sixteen essays, written by professional philosophers and film theorists, discussing themes such as self-identity and self-destruction, moral choice and moral doubt, the nature of truth and its value, whether we can trust our perceptions of what's "real," the political psychology of heroes and villains, and what it means to be a "viewer" of Nolan's films. Whether his protagonists are squashing themselves like a bug, struggling to create an identity and moral purpose for themselves, suffering from their own duplicitous plots, donning a mask that both strikes fear and reveals their true nature, or having to weigh the lives of those they love against the greater good, there are no simple solutions to the questions Nolan's films provoke; exploring these questions yields its own reward.

Stumbling on Happiness HarperCollins UK In this fascinating and often hilarious work - winner of the Royal Society of Science Prize 2007 - pre-eminent psychologist Daniel Gilbert shows how - and why - the majority of us have no idea how to make ourselves happy.

Forest Gardening Cultivating an Edible Landscape Chelsea Green Publishing Examines the author's philosophy of "forest gardening", involving a holistic approach encompassing health issues, spirituality, and environmental concerns

Air Navigation Radio Aids Clive Cussler and Dirk Pitt Revealed Simon and Schuster Includes photographs, summaries of each Dirk Pitt novel, an interview with Cussler, and Dirk Pitt trivia questions

Books in Print Supplement Includes authors, titles, subjects.

Civil Defence From the First World War to the Cold War : Introductions to Heritage Assets Until the 20th century, neither the capacity nor the means to inflict major damage upon the British Isles existed. This situation changed during the First World War, with naval bombardments and aerial bombing of towns and cities by Zeppelin airships and Gotha bombers. These raids demonstrated that no one was immune from attack and that by developing civil defence measures, casualties could be reduced and lives saved. The range of civil defence buildings used in the Second World War was immense, most were built 'for the duration', often utilitarian both in design and materials, but none the less, historically and technologically significant.

Brewer's Dictionary of Phrase and Fable (20th edition) Chambers 'This is, in fact, not what you were looking for; but it's much more interesting.' Terry Pratchett Much loved for its wit and wisdom since 1870, *Brewer's Dictionary of Phrase and Fable* takes you on a captivating adventure through its trademark blend of language, culture, myth and legend. Nowhere else could the histories of the guillotine and Guinness stout sit so comfortably alongside the KGB and the Keystone Kops. *Brewer's* is a catalogue of curiosities and absurdities that, over almost 150 years in print, has acquired near-mythical status. Edited by Susie Dent, this new edition includes a brand new *Collection of Curious Words* and many new and updated entries. Its pages brim with esoteric and entertaining oddities - everything from curious customs to the world of newspapers and political alliances of yesteryear - all seen through the distinctive *Brewer* lens. This twentieth edition of *Brewer's Dictionary of Phrase and Fable* encapsulates all the charm and wit that characterise its predecessors and maintains the standards of scholarship and eclecticism that have long been its hallmark. Whether you're a committed *Brewer*phile or a newcomer to its pages of fascinating entries, this edition will draw you in and keep you glued to its rich mix of eccentric nuggets. As Susie Dent explains in the foreword, *Brewer's* "is unlike any other reference book that exists, anywhere."

Food Ethics Cengage Learning **FOOD ETHICS, 2E** explores the ethical choices we make each time we eat. With twenty-six readings that bring together a diverse group of voices, this textbook dives into issues such as genetically modified foods, animal rights, population and consumption, the food industry's impact on pollution, centralized versus localized production, and more. In addition, this edition includes new introduction, new readings, a comprehensive index, and study questions that frame these significant issues for discussion and reflection.

The New-England Primer Improved for the More Easy Attaining the True Reading of English : to which is Added The Assembly of Divines, and Mr. Cotton's Catechism Wallbuilders Press An early American textbook for beginning readers, that includes a rhyming alphabet, Bible questions, and Shorter Catechism, with original woodcut illustrations.

Forthcoming Books **The Faith of Queen Elizabeth** The Poise, Grace, and Quiet Strength Behind the Crown Zondervan Discover the inspiring spiritual legacy of Queen Elizabeth II, the longest reigning monarch in British history. Sharing a behind-the-scenes glimpse into the life of this notoriously private monarch, *The Faith of Queen Elizabeth* features intimate stories and inspiring reflections on the personal faith behind the Crown. With testimonies from historic figures such as Winston Churchill, Billy Graham, Mother Teresa, and Margaret Thatcher, this magnificent tribute explores the faith of the world's most famous Queen - and the King she serves. Icon, matriarch, reformer, and the longest-reigning monarch in British history - Queen Elizabeth II intrigues millions around the world with her royal heritage, inspirational character, and profound faith, especially as depicted in award-winning films such as *The Queen* and the wildly popular Netflix series *The Crown*. With a reign that bridges the twentieth and twenty-first centuries, Queen Elizabeth has become the definition of stability, faithfulness, and dignity. Fearlessly, she led her country into the modern age with a balance of historical tradition and entrepreneurial initiative, public service and private devotion. Nearing seven decades on the throne, the

Queen has faced many personal and public storms - an early and surprising ascension to the throne, the dissolution of the British Empire, political upheavals, international crises, national tragedies, family deaths, and the tabloid travails of her children and grandchildren. But throughout all her trials and triumphs, Her Majesty credits her personal faith in Jesus Christ as the steady anchor to her life and reign. In this spiritual biography, Dudley Delffs unpacks the secret behind Her Majesty's personal devotion and public service, giving you a fuller, richer picture of the woman who's led a nation with unwavering faith and resolve. U.S. Navy, Civil Engineer Corps Cold-weather Engineering Chapters I. to V. You won't be able to put it down! Paperbound Books in Print R. R. Bowker Book Review Index Signed, Malraux U of Minnesota Press Traces the life and career of the French novelist, describing his participation in the Spanish Civil War, command of a World War II resistance brigade, and his position as a government minister. Twelve Years a Slave Prabhat Prakashan "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt Collected Papers on English Legal History Cambridge University Press Over the last forty years, Sir John Baker has written on most aspects of English legal history, and this collection of his writings includes many papers that have been widely cited. Providing points of reference and foundations for further research, the papers cover the legal profession, the inns of court and chancery, legal education, legal institutions, legal literature, legal antiquities, public law and individual liberty, criminal justice, private law (including contract, tort and restitution) and legal history in general. An introduction traces the development of some of the research represented by the papers, and cross-references and new endnotes have been added. A full bibliography of the author's works is also included. Thomas D. Clark of Kentucky An Uncommon Life in the Commonwealth University Press of Kentucky Special numbered leatherbound edition, signed by Dr. Clark! By the flip of a coin, Thomas Dionysius Clark became intertwined in the vast history of Kentucky. In 1928, Clark received scholarships to both the University of Cincinnati and to the University of Kentucky. Kentucky won the coin toss and the claim to one of the South's eminent historians. In 1990, when the Kentucky General Assembly honored Clark by declaring him Kentucky's Historian Laureate for life, Governor Brereton Jones described Clark as "Kentucky's greatest treasure." Historian, advocate, educator, preservationist, publisher, writer, mentor, friend, Kentuckian—Dr. Clark has filled all these roles and more. Thomas D. Clark of Kentucky is a celebration of his life and career by just a few of those who have felt his influence and shared his enthusiasm for his adopted home state of Kentucky. Words to Rhyme with For Poets and Songwriters : Including a Primer of Prosody, a List of More Than 80,000 Words that Rhyme, a Glossary Defining 9,000 of the More Eccentric Rhyming Words, and a Variety of Exemplary Verses, One of which Does Not Rhyme at All Checkmark Books Lists more than 80,000 rhyming words, including single, double, and triple rhymes, and offers information on rhyme schemes, meter, and poetic forms. every other crossword dictionary obsolete. This edition offers thousands of new entries, including slang terms; brand names; celebrity names; and films, novelists' works, sports Hall of Famers, automobile models, and more. The larger type size makes finding the answers easier than ever. **The Reinvention of Magna Carta 1216-1616 Cambridge University Press** This new account of the influence of Magna Carta on the development of English public law is based largely on unpublished manuscripts. The story was discontinuous. Between the fourteenth and sixteenth centuries the charter was practically a spent force. Late-medieval law lectures gave no hint of its later importance, and even in the 1550s a commentary on Magna Carta by William Fleetwood was still cast in the late-medieval mould. Constitutional issues rarely surfaced in the courts. But a new impetus was given to chapter 29 in 1581 by the 'Puritan' barrister Robert Snagge, and by the speeches and tracts of his colleagues, and by 1587 it was being exploited by lawyers in a variety of contexts. Edward Coke seized on the new learning at once. He made extensive claims for chapter 29 while at the bar, linking it with habeas corpus, and then as a judge (1606-16) he deployed it with effect in challenging encroachments on the common law. The book ends in 1616 with the lectures of Francis Ashley, summarising the new learning, and (a few weeks later) Coke's dismissal for defending too vigorously the liberty of the subject under the common law. **U.S. Amphibious Ships and Craft An Illustrated Design History Naval Inst Press** In this latest addition to his acclaimed U.S. warship design history series, Norman Friedman describes the ships and the craft of the U.S. amphibious force, from its inception in the 1920s through World War II to the present. He explains how and why the United States successfully created an entirely new kind of fleet to fight and win such World War II battles as D-Day and the island landings in the Pacific. To an extent not previously documented, his book lays out the differing views and contributions of the U.S. Army, Navy, and Marines as well as the British, and how they affected the development of prewar and wartime amphibious forces. Current and future amphibious forces and tactics are explained, together with their implications for ships and craft, from 40,000-ton amphibious carriers down to tracked amphibious vehicles. As in earlier volumes in the series, this study uses previously unpublished sources to illustrate not only what was actually built but what was planned and never brought into service. For example, the book offers the first comprehensive and fully illustrated account of abortive attempts in the 1960s and beyond to build new fire support ships (LFS). With nearly two hundred photographs and specially commissioned line drawings and extensive appendixes, the work conveniently brings together details of the ships and their service histories found elsewhere only in scattered official references. **Sources of English Legal History Private Law to 1750 Lexis Pub** Sources of English Legal History fills the need for a source book illustrating the development of English private law to 1750 and promises to be the definitive work in its area. The book makes available much source material and original documentation that has hitherto been unavailable or inaccessible. It may be used as a companion volume to **An Introduction to English Legal History** and **Milsom: Historical Foundations of the Common Law**.
