### Encyclopedia of Life Writing

### Autobiographical and Biographical Forms

**Routledge** This is the first substantial reference work in English on the various forms that constitute "life writing." As this term suggests, the Encyclopedia explores not only autobiography and biography proper, but also letters, diaries, memoirs, family histories, case histories, and other ways in which individual lives have been recorded and structured. It includes entries on genres and subgenres, national and regional traditions from around the world, and important auto-biographical writers, as well as articles on related areas such as oral history, anthropology, testimonies, and the representation of life stories in non-verbal art forms.

### Encyclopedia of Latin American Theater

**Greenwood Publishing Group** Describes Latin American theater from pre-Columbian times to the present, with sections on each country and entries for playwrights, theaters, and cultural movements, placing them within the context of international literature.

### Endocrine Physiology, Fourth Edition

**McGraw Hill Professional** The best endocrine review available for the USMLE Step 1 The fourth edition of Endocrine Physiology provides comprehensive coverage of the basic science and anatomy behind endocrine function. With its focus on must-know principles, Endocrine Physiology is the best review available for the USMLE Step 1 and the perfect reference for residents and fellows. NEW! boxed clinical case scenarios enable students to apply information to real life scenarios Learning aids include objectives, key concepts, a summary, and review questions Covers the principles of endocrinology and metabolism on a system-by-system, organ-by-organ basis

### Enemies at the Altar

**Harlequin** The last time Andreas Ferrante saw Sienna Baker, she was naively trying to seduce him. While her provocative sensuality is emblazoned on Andreas's memory, the terrible consequences torment him. So the news that they must marry to secure his inheritance is unthinkable.... Once devastated by his heartless rejection, seeing Andreas again makes Sienna's humiliation burn brighter. And as for marrying him? They'd be lucky to last the ceremony without killing each other! But there's a fine line between love and hate.... Will these flames of anger turn to white-hot passion on their wedding night?

### Enemy Lover (Mills & Boon Intrigue)

**HarperCollins UK** Unleash the untamed passions of the underworld in these deliciously wicked tales of paranormal romance.

### Encyclopedia of Life Sciences

**Wiley** The Encyclopedia of Life Sciences volumes 1-26 comprises the original 20 volumes of ELS (published in 2002) plus six supplementary volumes (published in 2007). Volumes 21-26 collates all the information that has been added to the online version on WileyIntersciences since the publication of the first 20-volume set. Together, they provide the reader with the most comprehensive and the up-to-date information in Life Sciences. Spanning the entire spectrum of life sciences, the Encyclopedia of Life Sciences (ELS) features more than 4,000 specially commissioned and peer-reviewed articles, making it an essential read for life scientists and a valuable resource for teaching. Aimed at researchers, students and teachers, articles provide comprehensive and authoritative coverage, written by leaders in the field. Colour illustrations and tables accompany articles, with appendix and glossary material providing essential information for the non-specialist, including biochemical and taxonomic information, acronyms, synonyms, units and other technical data. Importantly, all articles have been peer-reviewed to ensure a balanced representation of the literature. Articles are divided into three different categories indicating their level of complexity: Introductory, Advanced and Keynote. Introductory articles have been written primarily for undergraduate and non-specialists requiring the basic concepts of a particular subject. Advanced articles provide a more detailed discussion of specialist subjects, equivalent to that found in graduate level texts. Keynote articles provide a platform for debate where controversial issues and 'hot topics' can be discussed. Coverage includes: Biochemistry Cell Biology Developmental Biology Ecology Evolution and Diversity of Life Functional and Comparative Morphology Genetics and Disease Genetics and Molecular Biology Immunology Microbiology Neuroscience Plant Science Science and Society Structural Biology Virology

### Endgame, Volume 1

### The Problem of Civilization

**Seven Stories Press** The long-awaited companion piece to Derrick Jensen's immensely popular and highly acclaimed works A Language Older Than Words and The Culture of Make Believe. Accepting the increasingly widespread belief that industrialized culture inevitably erodes the natural world, Endgame sets out to explore how this relationship impels us towards a revolutionary and as-yet undiscovered shift in strategy. Building on a series of simple but increasingly provocative premises, Jensen leaves us hoping for what may be inevitable: a return to agrarian communal life via the disintegration of civilization itself.

## Enemy at the Water Cooler

### True Stories of Insider Threats and Enterprise Security Management Countermeasures

**Elsevier** The book covers a decade of work with some of the largest commercial and government agencies around the world in addressing cyber security related to malicious insiders (trusted employees, contractors, and partners). It explores organized crime, terrorist threats, and hackers. It addresses the steps organizations must take to address insider threats at a people, process, and technology level. Today's headlines are littered with news of identity thieves, organized cyber criminals, corporate espionage, nation-state threats, and terrorists. They represent the next wave of security threats but still possess nowhere near the devastating potential of the most insidious threat: the insider. This is not the bored 16-year-old hacker. We are talking about insiders like you and me, trusted employees with access to information - consultants, contractors, partners, visitors, vendors, and cleaning crews. Anyone in an organization's building or networks that possesses some level of trust. \* Full coverage of this hot topic for virtually every global 5000 organization, government agency, and individual interested in security. \* Brian Contos is the Chief Security Officer for one of the most well known, profitable and respected security software companies in the U.S.—ArcSight.

### Energetic Materials at Extreme Conditions

**Springer Science & Business Media** David I.A. Millar's thesis explores the effects of extreme conditions on energetic materials. His study identifies and structurally characterises new polymorphs obtained at high pressures and/or temperatures. The performance of energetic materials (pyrotechnics, propellants and explosives) can depend on a number of factors including sensitivity to detonation, detonation velocity, and chemical and thermal stability. Polymorphism and solid-state phase transitions may therefore have significant consequences for the performance and safety of energetic materials. In order to model the behaviour of these important materials effectively under operational conditions it is essential to obtain detailed structural information at a range of temperatures and pressures.

### Encyclopedia of Marine Sciences

**Springer Science & Business Media** The multidisciplinary nature of marine sciences (Geology, Biology, Physics, Chemistry, and Oceanography) is reflected in this references 1,980 up-to-date, alphabetically listed keywords with illustrations. These keywords provide valuable time-saving assistance when studying marine scientific literature. The brief explanation of the concepts, terminology, and methods makes this book more valuable than a pure glossary or dictionary.

### Ending Terrorism in Italy

**Routledge** Ending Terrorism in Italy analyses processes of disengagement from terrorism, as well as the connected issues of reconciliation, truth and justice. It examines in a critical and original way how terrorism came to an end in Italy (Part I), and the legacy it has left behind (Part II). The book interrogates a wide array of published memoirs and a considerable number of new face-to-face interviews with both former terrorists and first and second generation victims In the last two decades, and especially in recent years, former extreme-right terrorists in Italy have started to talk about their past involvement in terrorist violence, including, for the first time, acts of violence which have for decades been considered taboo, that is to say, bomb attacks against innocent civilians. These narratives add to the perspectives offered by members of left-wing terrorist groups, such as the Red Brigades and Prima Linea. Surprisingly, these narratives have not been systematically examined, yet they form a unique and extremely rich source of first-hand testimony, providing invaluable insights into processes of youth radicalization and de-radicalization, the social re-integration of ex-terrorists, as well as personal and collective healing. Even less attention has been paid to the victims' narratives or stories. Indeed, the views and activities of the victims and their associations have been seriously neglected in the scholarly literature on terrorism, not just in Italy, but elsewhere in Europe. The book therefore examines the perspectives of the victims and relatives of victims of terrorism, who over the years have formed dedicated associations and campaigned relentlessly to obtain justice through the courts, with little or no support from the state and, especially in the case of the bombing massacres, with increasing awareness that the state played a role in thwarting the course of justice. Ending Terrorism in Italy will be of interest to historians, social scientists and policy makers as well as students of political violence and post-conflict resolution. .

### End of the Alphabet

**Penguin Random House New Zealand Limited** Having a dream and aiming for it . . . a gentle coming-of-age novel for girls by much-loved YA novelist Fleur Beale. Ruby Yarrow is a 14 year old who lives in a busy, loving, chaotic family with her mum, stepdad, brother and two little stepbrothers. Ruby feels a bit like a doormat - she has to help out while her brother doesn't. He wins lots of prizes at school but she has a learning difficulty and needs a reader/writer to help her in exams. What's more, her surname, Yarrow, is at the end of the alphabet and when the roll gets called out she's always at the end . She hates it. She feels she's always at the end of the line. Not that Ruby is a misery bag at all. She's bright, vibrant and a really neat character. She has great friends and loves clothes, fashion magazines and sewing, which she has a real knack for. She's very keen to go on the school trip to Brazil and so she gets a job to earn the money for her airfare, working in a supermarket for an old grump. She also learns a bit of Portuguese and meeting exchange students. Ruby doesn't get to go on the trip but she stands up to her parents, gets some backbone and starts to see herself in a much better light. There's even a bit of romance. This book is about having a dream and aiming for it. But it's not sentimental - it's a great read, very real and it has a lovely upbeat tone.

### End Back Pain Forever

### A Groundbreaking Approach to Eliminate Your Suffering

**Simon and Schuster** By the director of Muscle Pain Research at NYU School of Medicine, a revolutionary book about solving back pain without surgery and drugs.

### Endure My Heart

**Belgrave House** The picture of innocence, Miss Mabel Anderson, and the sister of a cleric. But many people in her port town of Salford lived in poverty, their only chance at making a decent living being the smuggling trade. Mab inadvertently found herself the leader of this group, but a government agent, Sir Stamford Wicklow, was come to town specifically to discover the leader's identity—and imprison the villain. Regency Romance by Joan Smith; originally published by Fawcett Coventry

### Encyclopaedia of Religious Knowledge

## Encyclopedia of Municipal Bonds

### A Reference Guide to Market Events, Structures, Dynamics, and Investment Knowledge

**John Wiley & Sons** An accessible reference that explores every aspect of the municipal bond market Until now, there has been no accessible encyclopedia, dictionary, nor guide to the world of municipal bonds. Comprehensive and objective, this groundbreaking volume covers the history and mechanics of the municipal market in clear and understandable terms. It covers all aspects of the market, including pricing, trading, taxation issues and yields, as well as topical events such as the financial crisis, hysteria about defaults and Chapter 9 municipal bankruptcy, fraud, and regulation. Encyclopedia of Municipal Bonds also contains entries on important historical events and provides much-needed context for this field. Everything you ever wanted to know about municipal bonds in one comprehensive resource Joe Mysak is the author of the Bloomberg bestseller Handbook for Muni Issuers Demystifies the world of municipal bonds for both the novice and professional investor Explores issues such as the Orange County bankruptcy, the Jefferson County default, the New York City financial crisis, and the surprisingly recent creation of the modern municipal market Encyclopedia of Municipal Bonds offers an essential reference guide for investors, professionals, regulators, insurers, and anyone else involved in the municipal bond market.

## Encyclopedia of Physical Science

**Infobase Publishing** Discusses concepts that unify the physical sciences with life, Earth, and space science. Examining topics such as natural hazards, global challenges, and the history and nature of science, this title complements the material typically taught in high school and college physics and chemistry courses.

## Encyclopedia of Latin American and Caribbean Literature, 1900-2003

**Psychology Press** Entries cover authors, critics, major works, magazines, genres, and schools and movements of Latin American and Caribbean literature.

## Encyclopedia of Space

**Dorling Kindersley Ltd** Blast off into space to discover the galaxies and beyond with the new edition of this out-of-this-world reference Send your child on an amazing journey into space. They'll see the Hubble telescope orbiting the Earth, discover the birth of our solar system and follow the search for life on Mars. Packed with practical tips for the amateur astronomer, spectacular images from space, detailed charts and fantastic facts. Perfect for home or school, there are even instructions on building a simple telescope.

## Endgame in Afghanistan

### For Whom the Dice Rolls

**SAGE Publishing India** Endgame in Afghanistan: For Whom the Dice Rolls covers a wide territory related to the war in Afghanistan, the stakes the whole world-and not just the United States-has in it, and its possible outcome. It shows that it is not merely a war for the future of Afghanistan, but a conflict between the regressive worldview of the Taliban and al Qaeda and modernity. The book examines the consequences of an American exit from Afghanistan under circumstances indicating a defeat; the ability of the Karzai government or its successor to hold its own thereafter; and the regional and global geo-strategic consequences, including those on Pakistan, of a Taliban-al Qaeda takeover of Afghanistan. It also explores the possibility of the United States arriving at a peace settlement with the Taliban as well as that of the Americans winning the Afghan war. Taking an analytical multi-disciplinary approach, coupled with meticulous research, this book focuses on areas hitherto neglected. Linking known but scattered information in entirely new and cohesive analyses, the author presents the kind of comprehensive picture of the Afghan war and its consequences that no other book has done.

## Encyclopedia of Time

**Routledge First** published in 1994. Routledge is an imprint of Taylor & Francis, an informa company.

## Ender's Game and Philosophy

### Genocide Is Child's Play

**Open Court** Ender's Game, Orson Scott Card's award-winning 1985 novel, has been discovered and rediscovered by generations of science fiction fans and young adult readers, banned and challenged in schools, assigned in high school English classes, and adopted as reading by the US Marine Corps. Ender's Game and its sequels explores rich themes—the violence and cruelty of children, the role of empathy in war, and the balance of individual dignity and the social good—with compelling elements of a coming-of-age story and exciting and immersive battle scenes. Ender's Game and Philosophy brings together over thirty philosophers to engage in wide-ranging discussion on the troubling, exciting, and fascinating issues raised in and amidst the excitement and fear of Orson Scott Card's novels and Gavin Hood's film. Authors address issues such as: the justifiability of pre-emptive strikes, how Ender's disconnected and dispassionate violence is mirrored in today's drone warfare, whether the end of saving the species can justify the most brutal means, the justifiability of lies and deception in wartimes, how military schools produce training in virtue, how Ender as the "good student" is held to a different educational standard, which rules can be broken in games and which cannot, Ender's world as a mirror of our own surveillance society, the moral hazards of child warriors, the value of Ender's ability to sympathize with his enemies, the meaning of a "hive-mind," the limits of our ability to relate to one, the relationship between Ender's story and Card's Mormonism. The authors of Ender's Game and Philosophy challenge readers to confront and work through the conceptual and emotional challenges that Ender's Game presents, bringing a new light on the idea of a just war, the virtues of the soldier, the nature of childhood, the social value and moral corruption of lies and deception, the practices of education and of leadership, and the serious work of playing games.

## Endangered Daughters

## Discrimination and Development in Asia

**Routledge** This unique and groundbreaking book seeks to re-focus gender debate onto the issue of daughter discrimination - a phenomenon still hidden and unacknowledged across the world. It asks the controversial question of why millions of girls do not appear to be surviving to adulthood in contemporary Asia. In the first major study available of this emotive and sensitive issue, Elisabeth Croll investigates the extent of discrimination against female children in Asia and shifts the focus of attention firmly from son-preference to daughter-discrimination. This book brings together demographic data and anthropological field studies to reveal the multiple ways in which girls are disadvantaged, from excessive child mortality to the withholding of health care and education on the basis of gender. Focusing especially on China and India, the book reveals the surprising coincidence of increasing daughter discrimination with rising economic development, declining fertility and the generally improved status of women in East and South Asia. Essential reading for all those interested in gender in contemporary society.

## Encyclopedia of Library and Information Science

### Volume 30 - Taiwan: Library Services and Development in the Republic of China to Toronto: University of Toronto Faculty of Library Science

CRC Press Vol. 73: index to v. 48-72.

## Endless Chain

**MIRA** When local minister Sam Kinkade's plans to welcome the area's growing Hispanic community to the church are met with resistance, he asks Elisa Martinez for guidance, and together they make things work with the help of a special group of women.

## Encyclopedia Paranoiaca

**Simon and Schuster** An informative compendium of surprising ways you might die a horrible death at any moment from humor writers Henry Beard and Christopher Cerf.

## End Of Knowing

**Routledge** First published in 1997. This volume discusses the notion of whether there is a limit to knowledge and 'One Way to Know', in addition to the suggestion that that we no longer need to know, and whether our continued employment of knowing (cognition, epistemology) is useful or useless and destructive of human life and development.

## Vibration Analysis with SOLIDWORKS Simulation 2018

**SDC Publications** Vibration Analysis with SOLIDWORKS Simulation 2018 goes beyond the standard software manual. It concurrently introduces the reader to vibration analysis and its implementation in SOLIDWORKS Simulation using hands-on exercises. A number of projects are presented to illustrate vibration analysis and related topics. Each chapter is designed to build on the skills and understanding gained from previous exercises. Vibration Analysis with SOLIDWORKS Simulation 2018 is designed for users who are already familiar with the basics of Finite Element Analysis (FEA) using SOLIDWORKS Simulation or who have completed the book Engineering Analysis with SOLIDWORKS Simulation 2018. Vibration Analysis with SOLIDWORKS Simulation 2018 builds on these topics in the area of vibration analysis. Some understanding of structural analysis and solid mechanics is recommended.

## Ending Wars

**John Wiley & Sons** Many books have been written about war, but few have focused on how wars can be brought to an end. Wars are rarely inevitable however and this book is aimed at understanding how violent conflicts can be brought to a close through intervention, mediation and political negotiation. The simple premise underlying the book is that wars between states and wars within states are generally fought by rational people for particular political goals or perceived interests. War is better understood as a methodology rather than an ideology. When the context, issues and actors in these armed conflicts change then it is often possible to control, or even transform such violence. By bringing together a number of existing debates from peace and conflict research as well as scholars of international relations, the book examines the dynamic forces that lie behind the ending of wars and how these have changed over time. Examples are drawn from a wide range of armed conflicts to analyse the efforts that have been made to move from War-War to Jaw-Jaw, or more typically Jaw-War. Efforts at third-party intervention, mediation and political negotiation across a range of conflict zones from Europe to Sub-Saharan Africa are discussed in full. Neither idealistic nor fatalistic, this book is a must-read for all students of international politics and security studies.

## Endangered Children

### Homicide and Other Crimes, Second Edition

**CRC Press** From infancy onward, children are in danger from many sources, including parental and sibling abuse, drug abuse and mental illness in the home, parental neglect, and poverty. Removing an at-risk child from a troubled environment brings on a host of new concerns and is not always a panacea. **Endangered Children: Homicide, and Other Crimes, Second Edition**

## Encyclopedia of the U.S. Government and the Environment

## History, Policy, and Politics

ABC-CLIO Presents reference entries on the environmental policies of the United States, covering such items as legislation, treaties, common terms, companies, and environmental organizations.

## Principles of Microwave Technology

This text offers comprehensive coverage of microwave topics in one volume. It provides descriptions, analysis and up-to-date specific applications in radar and communications including the new wireless technologies. This edition includes coverage of microwave topics, a software tutorial (on an accompanying diskette) with detailed information on thermionic microwave devices (especially relevant in satellite technology), and an applications chapter on new and emerging microwave technology. All maths is kept at the algebra or simple trigonometry levels and the book assumes a familiarity with alternating current theory.

## Energy Transitions: Global and National Perspectives, 2nd Edition

ABC-CLIO This book provides a detailed, global examination of energy transitions, supplying a long-term historical perspective, an up-to-date assessment of recent and near-term advances in energy production technology and implementation, and an explanation of why efforts to limit global warming and to shift away from fossil fuels have been gradual. • Presents historical coverage of energy production, energy use, and key technical and economic factors that affect the currently unfolding transitions • Offers insightful analysis of energy transitions on both the national and global scale to explain the possibilities and limitations of the process • Supplies a critical appraisal of new renewable conversions that makes clear their advantages and potential benefits as well as their inherent unavoidable limitations • Enables general readers to gain an in-depth understanding of energy transitions from the perspective of an acclaimed scientist with expertise in the fields of energy, environmental and population change, technical innovation, and public policy

## Encyclopedia of Mystics, Saints & Sages

## A Guide to Asking for Protection, Wealth, Happiness, and Everything Else!

Harper Collins World-class spell collector, fortune teller, psychicpractitioner, spirit worker as well as independent scholar, writer, and teacher, Judika Illes offers a comprehensive encyclopedia of the sacred, helpful mystics, saints, and sages from a large variety of religious traditions who can, when venerated, produce miracles for the reader. Illes, author of *The Encyclopedia of 5000 Spells* and *The Encyclopedia of Spirits*, surpasses herself in this peerlessly expansive guide for all interested in folklore, mythology, and history, as well as those looking for guidance about accessing the power of saints. Illes's *The Encyclopedia of Mystics, Saints, & Sages* is the most comprehensive, accessible, and effective guide available anywhere.

## End of the Drive

## Stories

Bantam A veteran trail driver, who has survived thundering stampedes and Comanche raids, discovers there's nothing so dangerous as courting a beautiful woman. A brutally beaten homesteader crawls off to die—only to stumble upon an ancient talisman that restores his will to live. A mysterious preacher rides into town to deliver a warning that leads to a surprising revelation. And in the full-length novella *Rustler Roundup*, the hardworking citizens of a law-abiding town are pushed to the edge as rumors of rustlers in their midst threaten to turn neighbor against neighbor. This treasure trove of stories captures the grit, grandeur, and glory of the men and women who wielded pistol and plow, Bible and branding iron, to tame a wild country. Each of these unforgettable tales bears the master's touch—comic twists, stark realism, crackling suspense—all the elements that have made Louis L'Amour an American legend.

## The Spiritual Rules of Engagement

## How Kabbalah Can Help Your Soul Mate Find You

Kabbalah Learning Center Draws on the teachings of Kabbalah to counsel spiritually minded women on how to understand relationships in accordance with the differences between the sexes, sharing advice on how to date, engage in mutually beneficial intimacy, and embark on a long-term commitment.

## End of Life Care

## A Care Worker Handbook

Hodder Education Publishers Caring for people at the end of life is one of the most challenging and rewarding roles in Health and Social Care. But with a range of awards, certificates and units available to work-based learners it can be a confusing area for qualifications. That's why we've put together a one-stop handbook to support your training and continuing professional development in end of life care. Here in one place is all the topic knowledge, assessment support and practical advice you will need for a range of end of life care qualifications. Core topics are linked to the specific learning and assessment objectives you need to cover for 8 QCF units and national competencies. Case studies tie learning into the many different situations and roles across Home Care, Residential Care, NHS and Private Settings. This book is especially useful for candidates taking the: - Level 2 Award in End of Life Care - Level 2 Certificate in End of Life Care - Level 3 Award in End of Life Care - Level 3 Certificate in End of Life Care It's also a must have reference for those who want to brush up skills and knowledge from previous qualifications. So whatever your level of specialism, give yourself the tools you need for your role and your clients in end of life care.

## Encyclopedia of Religion in America

Covers the significant religious denominations and movements that have originated or flourished in North America, from the beginning of European settlement to the present day.

## The Marine Aquarium

Comprehensive Coverage, from Setting Up an Aquarium to Choosing the Best Fishes

## Endless Things

Hachette UK *Endless Things* is the fourth and final installment in Crowley's *Aegypt* sequence. Spanning three centuries, and weaving together the stories of Renaissance magician John Dee, philosopher Giordano Bruno, and present-day itinerant historian and writer Pierce Moffitt, the *Aegypt* sequence is as richly significant as Lawrence Durrell's *Alexandria Quartet* or Anthony Powell's *Dance to the Music of Time*. Crowley, a master prose stylist, explores transformations physical, magical, alchemical, and personal in this epic, distinctly American novel where the past, present, and future reflect each other.
