Making a Mark

Image and Process in Neolithic Britain and Ireland

Oxbow Books *The visual imagery of Neolithic Britain and Ireland is spectacular. While the imagery of passage tombs, such as Knowth and Newgrange, are well known the rich imagery on decorated portable artefacts is less well understood. How does the visual imagery found on decorated portable artefacts compare with other Neolithic imagery, such as passage tomb art and rock art? How do decorated portable artefacts relate chronologically to other examples of Neolithic imagery? Using cutting edge digital imaging techniques, the Making a Mark project examined Neolithic decorated portable artefacts of chalk, stone, bone, antler, and wood from three key regions: southern England and East Anglia; the Irish Sea region (Wales, the Isle of Man and eastern Ireland); and Northeast Scotland and Orkney. Digital analysis revealed, for the first time, the prevalence of practices of erasure and reworking amongst a host of decorated portable artefacts, changing our understanding of these enigmatic artefacts. Rather than mark making being a peripheral activity, we can now appreciate the central importance of mark making to the formation of Neolithic communities across Britain and Ireland. The volume visually documents and discusses the contexts of the decorated portable artefacts from each region, discusses the significance and chronology of practices of erasure and reworking, and compares these practices with those found in other Neolithic contexts, such as passage tomb art, rock art and pottery decoration. A contribution from Antonia Thomas also discusses the settlement art and mortuary art of Orkney, while Ian Dawson and Louisa Minkin contribute with a discussion of the collaborative fine art practices established during the project.*

Standards-Based Comprehension Strategies and Skills Guide

Level 1

Shell Education *This series ensures that students learn necessary reading skills by offering a variety of texts combined with targeted lessons to practice and reinforce comprehension and fluency. The fiction and nonfiction passages prepare students for the type of reading found on most standardized tests.*

Through the Looking-Glass

Aegypan *When you look at fine connections, it's hard to say exactly what relation "Alice in Wonderland" has to this book, "Through the Looking-Glass," Oh, it's plainly the same girl, though she seems older, here, and some characters (like Tweedledum and Tweedledee) appear in both. But she doesn't get there the same way, and doesn't refer to her adventures in Wonderland so much as once. Oh well: maybe it's all a dream and she can't remember the last one -- or maybe the magic through the Looking-Glass has hold of her, just as it has hold of Humpty Dumpty, or the Walrus and the Carpenter.*

Cartonnage Basics & Beyond

The Complete Guide for Fabric Box Making

Bookbaby *Cartonnage is a lovely handmade art, originated in France long time ago and it has been revived around the world in the latest years. The Process of Magic

A guide to how Magic Works

Taylor Ellwood *Learn how magic works and how to get consistent results. There are lots of books about magic, but how many of them actually explain how magic works or more importantly how to get a consistent result that meaningfully changes your life? The Process of Magic strips away the glamour and image of magic to focus on the reality of how magic works and what you can do to customize your magical workings. Instead of relying on prescriptive spells and rituals, why not learn the fundamental mechanics of magic and design your own workings? With the Process of Magic you'll learn exactly that and much more: · What the 11 principles of magic are and how they create your magical workings. · What the 8 types of magic workings are and how to customize them. · How to methodically approach magic as a process that produces results. · How to troubleshoot and fix your magical workings. · How to get results that last. If you've ever gotten results that don't stick, or tried to do a working and come away feeling like nothing worked, then The Process of Magic will help you demystify magic and make it into a spiritual practice you can use to improve and enhance your life.*

The Ultimate Guide to Natural Farming and Sustainable

Living

Permaculture for Beginners

Skyhorse *A beautiful, comprehensive guide to going green and living sustainably. Permaculture is an important but often misunderstood method of growing food and building homes in a manner that works with nature, rather than against it, to create beautiful, healthy, and useful gardens. Blending ecology, organic agriculture, green home design, appropriate technology, and biology can be confusing and overwhelming, but The Ultimate Guide to Natural Farming and Sustainable Living simplifies this vast field for practical application. This is a hands-on guide, taking the beginner through each step of the design process, so that anyone can apply permaculture principles to his or her life. While the principles are simple, the in-depth topics cover every aspect of permaculture, including:*

- building green homes and passive solar design
- growing edible plant communities and forest gardens
- using no-till and natural farming methods
- creating microclimates for extended growing seasons
- raising livestock with ecological foraging techniques

This is a common-sense approach to sustainable living that creates a self-sufficient and low-effort home for the people that live there, whether in the city or the country. The Ultimate Guide to Natural Farming and Sustainable Living isn't a philosophy book or a dissertation on theory. It is a step-by-step, complete guide to every aspect of permaculture.

Hachette UK *A World Book Day 2020 Author WINNER OF THE BLUE PETER BOOK AWARD 2019 WINNER OF THE WATERSTONES CHILDREN'S BOOK PRIZE 2019 SHORTLISTED FOR THE JHALAK PRIZE 2019 Told with heart and humour, The Boy at the Back of the Class is a child's perspective on the refugee crisis, highlighting the importance of friendship and kindness in a world that doesn't always make sense. There used to be an empty chair at the back of my class, but now a new boy called Ahmet is sitting in it. He's nine years old (just like me), but he's very strange. He never talks and never smiles and doesn't like sweets - not even lemon sherbets, which are my favourite! But then I learned the truth: Ahmet really isn't very strange at all. He's a refugee who's run away from a War. A real one. With bombs and fires and bullies that hurt people. And the more I find out about him, the more I want to help. That's where my best friends Josie, Michael and Tom come in. Because you see, together we've come up with a plan. . . With beautiful illustrations by Pippa Curnick*

A Complete Guide to Faeries & Magical Beings

Explore the Mystical Realm of the Little People

Weiser Books *If you have ever believed in a world beyond the everyday, this is the book to help you find it. A Complete Guide to Faeries and Magical Beings is a wonderful companion for those who wish to tour an enchanted world. Cassandra Eason begins with the myths, legends, and real evidence surrounding the origins and existence of fairies and then takes us on a journey throughout the world to introduce us to the many different varieties of these mysterious beings. From fairies to viking giants, selkies to gnomes, fey beings abound. In this spritely volume, Eason shares fascinating anecdotes of people who have actually seen them. And if you'd like to meet them yourself, Eason also provides simple techniques, exercises, and rituals to attract, find, and communicate with the little people. Hang silver bells by a window. Keep potted plants in your home. Or sit quietly between two oaks at dusk or dawn. Fairyland mirrors universal human issues: fortune versus misfortune, fate versus free will, perfection and imperfection, illusion and objective reality, different time scales, the existence of parallel dimensions, and the duality of human nature. Some people even believe that*

fairies are becoming more visible again, as they were in pre-industrial days, to remind us of the consequences of consumer society -- the danger of being seduced by our own versions of fairy gold. "If you want to be happy, be." -- Henry David Thoreau

A Practical Guide to Irish Spirituality

Sli Aon Dhraoi

Anchor Books This book is about change, growth, learning, and connection. It is conversational, and informal, and a little bit fun to read. It is about looking at things around you - past, present, and future - and asking the important questions. Perhaps the only really important question: Why? This is a book for all of us who are looking, searching for a way to plant our feet firmly on Irish ground, and take responsibility for what we are doing here, for our place in the big picture that is Ireland today. You don't have to be Pagan, or New Age, or Magical, or Spiritual, to read this book. You don't even have to be Irish. To get the full benefit, you do have to be open minded, willing to learn something about yourself, about Ireland, and maybe even about your place in this land. This is also a practical guide and a work book, and that is important to understand before you buy. There are more questions within these pages than there are definitive answers. Understand that this work is up to you, and nobody else will take responsibility for the work you need to be doing. There is genuine guidance though, some funny bits, and more than a couple of pokes and prods to help you on your way. Written by a woman of this land, called Witch by some, Druid by others, and Bean Draoi by herself, when she has to go by something other than "that O'Brien one." Sharing experience and knowledge, and suggestions for how you might get to where you need to be - examining how things used to be done here, and what can be useful and relevant to us as we bring ourselves forward through our Irish Spirituality.
