## Blind Spot

[Zebra Books](#) "An exciting, compelling thriller with a winding plot that keeps you captivated until the end" from the New York Times bestselling author of *Unseen* (Fresh Fiction). What you don't see . . . The crime scene at an Oregon rest stop is brutal beyond belief—a young man's lifeless body cut to ribbons, and his pregnant girlfriend left alive but comatose . . . What you don't know . . . Psychologist Claire Norris is assigned to treat the survivor at a private mental hospital. But there are no clues to the identity of the catatonic "Jane Doe." A difficult job only becomes more complicated with the arrival of ex-homicide detective Langdon Stone, who questions Claire's every move. Can kill you Reluctantly working together, Claire and Lang begin to unravel the chilling truth about a twisted case—one with ties to a killer who is right in their midst, eager to see a mission of evil through to its terrifying end . . . "Engrossing . . . twists you won't see coming!" —Karen Rose, New York Times bestselling author *Praise for Nancy Bush's Unseen* "Full of twists and surprises . . . I couldn't put it down!" —Lisa Jackson, #1 New York Times bestselling author "An eerie suspense novel woven with a compelling romance . . . the terrifying denouement will have readers riveted." —Publishers Weekly "A creative and mysterious tale with a number of twists, including a surprise ending." —Romantic Times

## Addressing Adversity

### Prioritising adversity and trauma-informed care for children and young people in England.

[YoungMinds / Health Education England / Human-Experience](#) / An edited collection of papers published by YoungMinds and funded by Health Education England. With 1 in 3 adult mental health conditions related directly to adverse childhood experiences, it is vital that we understand the impact that adversity and trauma can have on the mental health and wellbeing of young people, and how we can strengthen resilience and support recovery. Addressing Adversity presents evidence, insight, direction and case studies for commissioners, providers and practitioners in order to stimulate further growth in adversity and trauma-informed care, and spark innovation and good practice across England. Section 1: Understanding adversity, trauma and resilience includes evidence and analysis of the impact that adverse childhood experiences and trauma have on children and young people's mental health and wider outcomes across the lifecourse. Section 2: Addressing childhood adversity and trauma includes insights from the NHS in England, organisations and clinicians working with children and young people who have experienced forms of adversity and trauma. Section 3: Emerging good practice includes insight, case studies and working examples of adversity and trauma-informed service models being developed across England. The collection ends with an agenda for change, calling on all Directors of Public Health, commissioners and providers to make adversity and trauma-informed care a priority in their locality.

## Race and the Obama Phenomenon

### The Vision of a More Perfect Multiracial Union

[Univ. Press of Mississippi](#) The concept of a more perfect union remains a constant theme in the political rhetoric of Barack Obama. From his now-historic race speech to his second victory speech delivered on November 7, 2012, that striving is evident. "Tonight, more than two hundred years after a former colony won the right to determine its own destiny, the task of perfecting our union moves forward," stated the forty-fourth president of the United States upon securing a second term in office after a hard-fought political contest. Obama borrows this rhetoric from the founding documents of the United States set forth in the U.S. Constitution and in Abraham Lincoln's "Gettysburg Address." How naive or realistic is Obama's vision of a more perfect American union that brings together people across racial, class, and political lines? How can this vision of a more inclusive America be realized in a society that remains racist at its core? These essays seek answers to these complicated questions by examining the 2008 and 2012 elections as well as the events of President Obama's first term. Written by preeminent race scholars from multiple disciplines, the volume brings together competing perspectives on race, gender, and the historic significance of Obama's election and re-election. The president heralded in his November 2012 acceptance speech, "The idea that if you're willing to work hard, it doesn't matter who you are, or where you come from, or what you look like . . . whether you're black or white, Hispanic or Asian or Native American." These essayists argue the truth of that statement and assess whether America has made any progress toward that vision.

## The 9/11 Commission Report

### Final Report of the National Commission on Terrorist Attacks Upon the United States

[Createspace Independent Publishing Platform](#) Nearly three thousand people died in the terrorist attacks of September 11, 2001. In Lower Manhattan, on a field in Pennsylvania, and along the banks of the Potomac, the United States suffered the single largest loss of life from an enemy attack on its soil. In November 2002 the United States Congress and President George W. Bush established by law the National Commission on Terrorist Attacks Upon the United States, also known as the 9/11 Commission. This independent, bipartisan panel was directed to examine the facts and circumstances surrounding the September 11 attacks, identify lessons learned, and provide recommendations to safeguard against future acts of terrorism.

## The Ground of the Image

[Fordham University Press](#) If anything marks the image, it is a deep ambivalence. Denounced as superficial, illusory, and groundless, images are at the same time attributed with exorbitant power and assigned a privileged relation to truth. Mistrusted by philosophy, forbidden and embraced by religions, manipulated as “spectacle” and proliferated in the media, images never cease to present their multiple aspects, their paradoxes, their flat but receding spaces. What is this power that lies in the depths and recesses of an image—which is always only an impenetrable surface? What secrets are concealed in the ground or in the figures of an image—which never does anything but show just exactly what it is and nothing else? How does the immanence of images open onto their unimaginable others, their imageless origin? In this collection of writings on images and visual art, Jean-Luc Nancy explores such questions through an extraordinary range of references. From Renaissance painting and landscape to photography and video, from the image of Roman death masks to the language of silent film, from Cleopatra to Kant and Heidegger, Nancy pursues a reflection on visuality that goes far beyond the many disciplines with which it intersects. He offers insights into the religious, cultural, political, art historical, and philosophical aspects of the visual relation, treating such vexed problems as the connection between image and violence, the sacred status of images, and, in a profound and important essay, the forbidden representation of the Shoah. In the background of all these investigations lies a preoccupation with finitude, the unsettling forces envisaged by the images that confront us, the limits that bind us to them, the death that stares back at us from their frozen traits and distant intimacies. In these vibrant and complex essays, a central figure in European philosophy continues to work through some of the most important questions of our time.

## To the Lighthouse

[Renard Press Ltd](#) Described by Virginia Woolf herself as ‘easily the best of my books’, and by her husband Leonard as a ‘masterpiece’, *To the Lighthouse*, first published in 1927, is one of the milestones of Modernism. Set on the Isle of Skye, over a decade spanning the First World War, the narrative centres on the Ramsay family, and is framed by Mrs Ramsay’s promise to take a trip to the lighthouse the next day - a promise which isn’t to be fulfilled for a decade. Flowing from character to character and from year to year, the novel paints a moving portrait of love, loss and perception. Bearing all the hallmarks of Woolf’s prose, with her delicate handling of the complexities of human relationships, *To the Lighthouse* has earned its reputation - frequently appearing in lists of the best novels of the twentieth century, it has lost not an iota of brilliance.

## Tree Book

## Learning to Recognize Trees of British Columbia

Trees, identification.

## The Plague Year

## America in the Time of Covid

[Penguin UK](#) 'A virtuoso feat ... a book of panoramic breadth' *New York Times Book Review* 'A devastating analysis ... Wright is a master of knitting together complex narratives' *The Observer* Just as Lawrence Wright's *The Looming Tower* became the defining account of our century's first devastating event, 9/11, so *The Plague Year* will become the defining account of the second. The story starts with the initial moments of Covid's appearance in Wuhan and ends with Joseph Biden's inauguration in an America ravaged by well over 400,000 deaths - a mortality already some ten times worse than US combat deaths in the entire Vietnam War. This is an anguished, furious memorial to a year in which all of America's great strengths - its scientific knowledge, its great civic and intellectual institutions, its spirit of voluntarism and community - were brought low, not by a terrifying new illness alone, but by political incompetence and cynicism on a scale for which there has been no precedent. With insight, sympathy, clarity and rage, *The Plague Year* allows the reader to see the unfolding of this great tragedy, talking with individuals on the front line, bringing together many moving and surprising stories and painting a devastating picture of a country literally and fatally misled. 'Maddening and sobering - as comprehensive an account of the first year of the pandemic as we've yet seen' *Kirkus*

## Why Forests? Why Now?

## The Science, Economics, and Politics of Tropical Forests and Climate Change

[Brookings Institution Press](#) Tropical forests are an undervalued asset in meeting the greatest global challenges of our time—averting climate change and promoting development. Despite their importance, tropical forests and their ecosystems are being destroyed at a high and even increasing rate in most forest-rich countries. The good news is that the science, economics, and politics are aligned to support a major international effort over the next five years to reverse tropical deforestation. *Why Forests? Why Now?* synthesizes the latest evidence on the importance of tropical forests in a way that is accessible to anyone interested in climate change and development and to readers already familiar with the problem of deforestation. It makes the case to decisionmakers in rich countries that rewarding developing countries for protecting their forests is urgent, affordable, and achievable.

## The Story of My Life

[GENERAL PRESS](#) *The Story of My Life* is an autobiography by Helen Keller. It is the story of Helen Keller and her life as a deaf and blind girl, and her triumph over these tribulations. In the book, she reveals her frustration and rage over her condition. It details her educational achievements and her introduction to the world through her breakthrough into communication. The story was written by Helen Keller when she was just 22 years old. *The Story of My Life* is a tale of the courage and unbreakable will of Helen Keller. The book has been adapted into a television series, a Broadway play, a Hollywood feature film, and an Indian feature film.

## Wicked Lies

[Zebra Books](#) A pregnant woman is on the run from an escaped serial killer plotting revenge in this thriller by the New York Times-bestselling authors of *Wicked Game*. If At First You Don’t Succeed For two years, Justice Turnbull has paced his room at Halo Valley Security Hospital, planning to escape. Justice has a mission—one that began with a vicious murder two decades ago. And there are so many others who must be sent back to the hell that spawned them . . . Kill . . . Laura Adderley didn’t plan to get pregnant by her soon-to-be ex-husband, though she’ll do anything to protect her baby. But now reporter Harrison Frost is asking questions about the mysterious group of women who live at Siren Song lodge. Harrison hasn’t figured out Laura’s connection to the story yet. But Justice knows. And he is coming . . . Then Kill Again . . . All her life, Laura has been able to sense approaching evil. But that won’t stop a psychopath bent on destroying her. Justice has been unleashed, and this time, there will be no place safe to hide . . . “Wicked Lies is a riveting, can’t-put-

it-down, heart-pounding good read. If you love suspense with enough twists and turns to tie you into knots, this one's for you." —BookPage "The affable protagonists maintain their individual identities as their romance sizzles to life, and several subplots add depth to this . . . deftly plotted and enticing read." —Publishers Weekly

## Command Of The Air

[Pickle Partners Publishing](#) In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates-and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision-that command of the air is all important in modern warfare-has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

## The Giver Quartet

### Son

[Houghton Mifflin Harcourt](#) Unlike the other Birthmothers in her utopian community, teenaged Claire forms an attachment to her baby, feeling a great loss when he is taken to the Nurturing Center to be adopted by a family unit.

## Evaluation in Health Promotion

## Fast Food Nation

### The Dark Side of the All-American Meal

[Houghton Mifflin Harcourt](#) Explores the homogenization of American culture and the impact of the fast food industry on modern-day health, economy, politics, popular culture, entertainment, and food production.

## How We Know What Isn't So

[Simon and Schuster](#) Thomas Gilovich offers a wise and readable guide to the fallacy of the obvious in everyday life. When can we trust what we believe—that "teams and players have winning streaks," that "flattery works," or that "the more people who agree, the more likely they are to be right"—and when are such beliefs suspect? Thomas Gilovich offers a guide to the fallacy of the obvious in everyday life. Illustrating his points with examples, and supporting them with the latest research findings, he documents the cognitive, social, and motivational processes that distort our thoughts, beliefs, judgments and decisions. In a rapidly changing world, the biases and stereotypes that help us process an overload of complex information inevitably distort what we would like to believe is reality. Awareness of our propensity to make these systematic errors, Gilovich argues, is the first step to more effective analysis and action.

## Sophie's World

[Hachette UK](#) The international bestseller about life, the universe and everything. When 14-year-old Sophie encounters a mysterious mentor who introduces her to philosophy, mysteries deepen in her own life. Why does she keep getting postcards addressed to another girl? Who is the other girl? And who, for that matter, is Sophie herself? To solve the riddle, she uses her new knowledge of philosophy, but the truth is far stranger than she could have imagined. A phenomenal worldwide bestseller, SOPHIE'S WORLD sets out to draw teenagers into the world of Socrates, Descartes, Spinoza, Hegel and all the great philosophers. A brilliantly original and fascinating story with many twists and turns, it raises profound questions about the meaning of life and the origin of the universe.

## Surrender

### How the Clinton Administration Completed the Reagan Revolution

[University of Michigan Press](#) DIVilluminates recent national economic policy and warns against the single-minded commitment to balance the federal budget. The paperback edition features a new preface and afterword /div

## The Pandemic Century

### One Hundred Years of Panic, Hysteria and Hubris

[Oxford University Press](#) Like sharks, epidemic diseases always lurk just beneath the surface. This fast-paced history of their effect on mankind prompts questions about the limits of scientific knowledge, the dangers of medical hubris, and how we should prepare as epidemics become ever more frequent. Ever since the 1918 Spanish influenza pandemic, scientists have dreamed of preventing catastrophic outbreaks of infectious disease. Yet, despite a century of medical progress, viral and bacterial disasters continue to take us by

surprise, inciting panic and dominating news cycles. From the Spanish flu and the 1924 outbreak of pneumonic plague in Los Angeles to the 1930 'parrot fever' pandemic and the more recent SARS, Ebola, and Zika epidemics, the last 100 years have been marked by a succession of unanticipated pandemic alarms. Like man-eating sharks, predatory pathogens are always present in nature, waiting to strike; when one is seemingly vanquished, others appear in its place. These pandemics remind us of the limits of scientific knowledge, as well as the role that human behaviour and technologies play in the emergence and spread of microbial diseases.

## When Scotland Was Jewish

## DNA Evidence, Archeology, Analysis of Migrations, and Public and Family Records Show Twelfth Century Semitic Roots

[McFarland](#) The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

## Good Night, Mr. Tom

[Harper Collins](#) London is poised on the brink of World War II. Timid, scrawny Willie Beech -- the abused child of a single mother -- is evacuated to the English countryside. At first, he is terrified of everything, of the country sounds and sights, even of Mr. Tom, the gruff, kindly old man who has taken him in. But gradually Willie forgets the hate and despair of his past. He learns to love a world he never knew existed, a world of friendship and affection in which harsh words and daily beatings have no place. Then a telegram comes. Willie must return to his mother in London. When weeks pass by with no word from Willie, Mr. Tom sets out for London to look for the young boy he has come to love as a son.

## The Leopard's Spots: A Romance of the White Man's Burden

[Ostara Publications](#) Volume I of the "Reconstruction Trilogy" set of historically accurate novels designed to tell the post Civil War story from the Southern side. It follows the story of Charles Gaston, son of a famous Confederate colonel, who leads his state of North Carolina on to a victory over the Reconstructionists.

## Suggestive Therapeutics

## A Treatise on the Nature and Uses of Hypnotism

## Extending Russia

## Competing from Advantageous Ground

**RAND** As the U.S. National Defense Strategy recognizes, the United States is currently locked in a great-power competition with Russia. This report seeks to define areas where the United States can compete to its own advantage. It examines Russian vulnerabilities and anxieties; analyzes potential policy options to exploit them; and assesses the associated benefits, costs, and risks, as well as the likelihood of successful implementation.

## Race and Epistemologies of Ignorance

**SUNY Press** "Offering a wide variety of philosophical approaches to the neglected philosophical problem of ignorance, this collection builds on Charles Mills's claim that racism involves an inverted epistemology, an epistemology of ignorance. Contributors explore how different forms of ignorance linked to race are produced and sustained and what role they play in promoting racism and white privilege."--BOOK JACKET.

## Life After Life

## The global bestseller, now a major BBC series

**Random House** The PRIZE-WINNING BESTSELLER, now a major BBC1 DRAMA SERIES starring Thomasin McKenzie, Sian Clifford and James McArdle, directed by BAFTA award-winning John Crowley. 'Dazzling, witty, moving, joyful, mournful, profound... one of the best novels I've read this century' Gillian Flynn, bestselling author of GONE GIRL 'A box of delights ... it grips the reader's imagination on the first page and never lets go.' HILARY MANTEL, author of THE MIRROR AND THE LIGHT \_\_\_\_\_ What if you had the chance to live your life again and again, until you finally got it right? During a snowstorm in England in 1910, a baby is born and dies before she can take her first breath. During a snowstorm in England in 1910, the same baby is born and lives to tell the tale. What if there were second chances? And third chances? In fact an infinite number of chances to live your life? Would you eventually be able to save the world from its own inevitable destiny? And would you even want to? Life After Life follows Ursula Todd as she lives through the turbulent events of the last century again and again. With wit and compassion, Kate Atkinson finds warmth even in life's bleakest moments, and shows an extraordinary ability to evoke the past. Here she is at her most profound and inventive, in a novel that celebrates the best and worst of ourselves. \_\_\_\_\_ 'Merging family saga with a fluid sense of time and an extraordinarily vivid sense of history at its most human level. A dizzying and dazzling tour de force' Daily Mail 'Absolutely brilliant...it reminded me a bit of her first book Behind the Scenes at the Museum, which is one of my most favourite books ever.' Marian Keyes, author of Rachel, Again 'An exceptional writer' Guardian '[A] magnificently tender and humane novel' Observer 'A ferociously clever writer...a big, bold novel that is enthralling, entertaining' New Statesman 'Exceptionally captivating' New York Times 'Truly brilliant...Think of Audrey Niffenegger's The Time Traveler's Wife or David Nicholl's One Day.. a rare book that you want to start again the minute you have finished.' The Times

## How Spies Think

## Ten Lessons in Intelligence

**Penguin UK** LONGLISTED FOR THE ORWELL PRIZE FOR POLITICAL WRITING 2021 'One of the best books ever written about intelligence analysis and its long-term lessons' Christopher Andrew, author of The Defence of the Realm: The Authorized History of MI5 'An invaluable guide to avoiding self-deception and fake news' Melanie Phillips, The Times From the former director of GCHQ, Professor Sir David Omand, learn the methodology used by British intelligence agencies to reach judgements, establish the right level of confidence and act decisively. Full of revealing examples from a storied career, including key briefings with Prime Ministers and strategies used in conflicts from the Cold War to the present, in How Spies Think Professor Omand arms us with the tools to sort fact from fiction, and shows us how to use real intelligence every day.

## Stamped (For Kids)

## Racism, Antiracism, and You

**Hachette UK** The #1 New York Times bestseller! This chapter book edition of the #1 New York Times bestseller by luminaries Ibram X. Kendi and Jason Reynolds is an essential introduction to the history of racism and antiracism in America RACE. Uh-oh. The R-word. But actually talking about race is one of the most important things to learn how to do. Adapted from the groundbreaking bestseller Stamped: Racism, Antiracism, and You, this book takes readers on a journey from present to past and back again. Kids will discover where racist ideas came from, identify how they impact America today, and meet those who have fought racism with antiracism. Along the way, they'll learn how to identify and stamp out racist thoughts in their own lives. Ibram X. Kendi's research, Jason Reynolds's and Sonja Cherry-Paul's writing, and Rachelle Baker's art come together in this vital read, enhanced with a glossary, timeline, and more.

## Ominous

**Zebra Books** A secret from their youth plunges three adult women into a deadly nightmare in this suspense thriller by three New York Times–bestselling authors. **NO WARNING** In the photograph, three teenaged girls splash in the lake on a sweltering summer evening. Shiloh, Kat, and Ruth are unaware of the man who spies on them from the woods. They have no idea how their lives will be changed by the brutal violence that follows—and the vow of secrecy they take. **CAN PREPARE YOU** Fifteen years later, Ruth and Shiloh have both returned to Prairie Creek, Wyoming, where Kat is deputy sheriff. Though they've tried to leave their shared past behind, each has the feeling that someone is lurking in the shadows. When a local girl vanishes, Kat is convinced there's a connection to that long-ago night. But as the friends unite to find the missing teenager, a killer sends a chilling message. **FOR A KILLER'S VENGEANCE** He's still there. And he hasn't forgotten. For so long he's made do with other victims, but they can't compare to the ones who got away. The ones

who keep searching for him, blind to the terrifying truth that they are not the hunters, but his prey . . . Praise for Sinister “This collaborative novel has all the tension and suspense that Jackson fans expect. The web of family ties and secrets creates a strong plot. Readers who enjoy shows like Criminal Minds will find the serial killer satisfyingly scary.” —RT Book Reviews

## Red Star

### The First Bolshevik Utopia

[Indiana University Press](http://Indiana University Press) “An Earth-man’s journey to the planet Mars, where he is treated to a wondrous vision of a communist future, complete with flying cars and 3D color movies.” —Wonders & Marvels A communist society on Mars, the Russian revolution, and class struggle on two planets is the subject of this arresting science fiction novel by Alexander Bogdanov (1873-1928), one of the early organizers and prophets of the Russian Bolshevik party. The red star is Mars, but it is also the dream set to paper of the society that could emerge on earth after the dual victory of the socialist and scientific-technical revolutions. While portraying a harmonious and rational socialist society, Bogdanov sketches out the problems that will face industrialized nations, whether socialist or capitalist. “[A] surprisingly moving story.” —The New Yorker “The contemporary reader will marvel at [Bogdanov’s] foresight: nuclear fusion and propulsion, atomic weaponry and fallout, computers, blood transfusions, and (almost) unisexuality.” —Choice “Bogdanov’s novels reveal a great deal about their fascinating author, about his time and, ironically, ours, and about the genre of utopia as well as his contribution to it.” —Slavic Review

## Guantánamo Diary

### The Fully Restored Text

[Canongate Books](http://Canongate Books) The first and only diary written by a Guantánamo detainee during his imprisonment, now with previous censored material restored. Mohamedou Ould Slahi was imprisoned in Guantánamo Bay in 2002. There he suffered the worst of what the prison had to offer, including months of sensory deprivation, torture and sexual assault. In October 2016 he was released without charge. This is his extraordinary story.
