Encyclopedia of New Yearãó»s Holidays Worldwide [McFarland](#) Among the world's myriad cultures and their associated calendars, the idea of a "New Year" is relative and hardly specifies a universal celebration or even a universal point in time. Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods, music, dancing, noisemaking, fireworks and drinking. This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year, beyond its traditional Western associations with Christmas. National or regional entries detail the principal traditions and customs of 130 countries, while 27 entries discuss major calendar systems in current use or of significant historical interest. The remaining entries cover a wide variety of subjects including literary works, movies, and television specials; the customs of specific ethnic groups; universal customs such as toasting and drinking; football bowl games and parades; and the New Year celebrations at the White House and the Vatican. Common Worship Festivals [Church House Publishing](#) Contains everything needed to celebrate the Saints' days, principal holy days

and special occasions in the Church of England calendar. It brings together all the prayers and Collects needed for these days with Eucharistic material and music, plus Holy Communion Order One in the centre of the book for easy access. Thanksgiving and Other Harvest Festivals [Infobase Publishing](#) Without the ability to grow and harvest crops, permanent civilizations would not have developed. Because societies were dependent on cultivating their crops for food, storage, and trade, harvesting became a sacred event in many cultures. Ancient people believed spirits lived within their crops, and went to great lengths to appease these beings. Although modern thought has evolved since that era, the significance of the harvest has hardly been lost. From the New Yam Festival in Africa to the Jewish Sukkot to Thanksgiving Day in the United States, the majority of cultures throughout the world have set aside days to celebrate times of bounty. Thanksgiving and Other Harvest Festivals looks at how the regions of Africa, Asia, Europe, Latin America and the Caribbean, the Middle East, and North America pay homage to the harvest and everything it represents. Matsuri and Religion Complexity, Continuity, and Creativity in Japanese Festivals [BRILL](#) This volume examines matsuri (festivals) from both urban and rural communities in Japan, showing their interconnectedness to religious life. Based on ethnographic research, authors explore historical change, identity, affect, cultural heritage, tourism, and the intersection of religion with politics. The Festivals of Opet, the Valley, and the New Year Their Socio-Religious Functions [Archaeopress Publishing Ltd](#) This volume compares the religious and social functions of the Ancient Egyptian festivals of Opet, the Valley, and the New Year. Until now, detailed study of the New Year Festival has only been carried out with reference to the Greco-Roman period; this study turns its attention to the New Kingdom. Cultural Governance in a Global Context An International Perspective on Art Organizations [Springer](#) This original book explores the character of cultural governance of arts and cultural institutions in eight countries across five continents. Examining strategy and decision-making at an organisational level, this is the first empirical contribution on cultural policy and management, revealing how it is applied across the globe in otherwise unexplored countries. Concerned with the assumption that 'one-size fits all', the chapter authors analyse how cultural governance is managed within arts organizations in a range of countries to assess whether some locations are trying to apply unsuitable models. The chapters aim to discover and assess new practices to benefit the understanding of cultural governance and the arts sector which have as yet been excluded from the literature. As a collection of local accounts, this book offers a broad and rich perspective on managing cultural governance around the world. 1970-2020, the fourth volume in the author's chronological history of British secularization, sheds significant new light on the nature, scale, and timing of religious change in Britain during the past half-century, with particular reference to quantitative sources. Adopting a key performance indicators approach, twenty-one facets of personal religious belonging, behaving, and believing are examined, offering a much wider range of lenses through which the health of religion can be viewed and appraised than most contemporary scholarship. Summative analysis of these indicators, by means of a secularization dashboard, leads to a reaffirmation of the validity of secularization (in its descriptive sense) as the dominant narrative and direction of travel since 1970, while acknowledging that it is an incomplete process and without endorsing all aspects of the paradigmatic expression of secularization as a by-product of modernization. The hidden side of Christian festivals [Рипол Класик](#) Religion and Tourism Crossroads, Destinations and Encounters [Routledge](#) This book explores the dynamic interaction between religion and tourism in the modern world. It considers questions such as: do travellers leave their religion at home when they are touring - and what happens if not? what are the relationships between tourism and pilgrimage? what happens to religious performances, places and festivals that function as tourism attractions? Other chapters examine religious theme parks, wellness and spa tourism, the roles played by tourist guides, guidebooks and religious souvenirs, and the role of tourism as a major arena of religious encounters in the contemporary world. Surveying the growing body of work in the field, Michael Stausberg argues that tourism should be a major focus of research within religious studies. The Science of the Sacraments [Cosimo, Inc.](#) Adherents of theosophy, the esoteric philosophy popular at the turn of the 20th century, believed that science and religion could be reconciled, and here, in this 1920 book, the renowned spiritualist Charles W. Leadbeater, a leader of theosophical thought, examines the Catholic Mass from a theosophical perspective, demonstrating how the rites and rituals of the Eucharist, Baptism, Holy Orders, and the other sacraments harness a mystical magic that unites worshippers in one divine spirit. Drawing on both traditional spiritual belief about the power at work during the Mass and modern concepts of a paranormal connection between the corporeal and the otherworldly, this is a work that will intrigue those of great faith as well as students of comparative mythology. British author CHARLES WEBSTER LEADBEATER (1854-1934) was ordained as an Anglican priest, but later joined the prominent Theosophical Society and traveled to India to study alternative spiritual and occult practices, eventually settling into his life as a clairvoyant and author. His other works include Man Visible and Invisible and The Science of the Sacrament. African Religions A Very Short Introduction [Oxford University Press](#) This book connects traditional religions to the thriving religious activity in Africa today. Important National Current Affairs January 2022 - Download PDF Know all the latest National Current Affairs January 2022 & boost your knowledge from this Ebook [Testbook.com](#) Read National Current Affairs January 2022 from this E-book & know about Economic Survey 2021-22 tabled on 31 January 2022, Gurugram gets India's biggest electric vehicle charging station, & other exams related news. The Wiley Blackwell Companion to Religion and Materiality [John Wiley & Sons](#) The Wiley Blackwell Companion to Religion and Materiality provides a thoughtfully organized, inclusive, and vibrant project of the multiple ways in which religion and materiality intersect. The contributions explore the way that religion is shaped by, and has shaped, the material world, embedding beliefs, doctrines, and texts into social and cultural contexts of production, circulation, and consumption. The Companion not only contains scholarly essays but has an accompanying website to demonstrate the work of performers, architects, and expressive artists, ranging from musicians and dancers to religious practitioners. These examples offer specific illustrations of the interplay of religion and materiality in everyday life. The project is organized from a comparative perspective, highlighting examples and case studies from traditions originating in both East and West. To summarize, the volume: Brings together the leading figures, theories and ideas in the field in a

systematic and comprehensive way Offers an interdisciplinary approach drawing together religious studies, anthropology, archaeology, history, sociology, geography, the cognitive sciences, ecology, and media studies Takes a comparative perspective, covering all the major faith traditions Traditional Festivals A Multicultural Encyclopedia [ABC-CLIO](#) This illustrated reference work covers a wide range of festivals that have sacred origins and are, or have been, part of a folk tradition, a world religion, or a major civilization. * More than 150 A-Z entries on the content and context of each festival, tracing its historical development and geographic variations, from Ashura (Islam) to Whitsuntide (Christianity) * 70 illustrations of festive rituals including photos of Belgium's Binche Carnival, Japan's Cherry Blossom Festival, and the Zulu Reed Dance * Tables of dates for the major feasts in Hinduism, Judaism, Christianity, and Islam, as well as for the Chinese New Year * Calendar graph showing at a glance the relative places of all the festivals discussed in the seasonal cycle of a single year The Cycle of the Year as a Path of Initiation Leading to an Experience of the Christ Being [Temple Lodge Publishing](#) In ancient times humanity possessed an innate knowledge of the spiritual foundations of existence. Such knowledge could be acquired through inwardly accompanying the cycle of the year and its connected great seasonal festivals. But this instinctive knowledge had to be lost in order for human beings to discover individual freedom. In our time, as Sergei O. Prokofieff demonstrates in this comprehensive work, '... this knowledge must be found anew through the free, light-filled consciousness of the fully developed human personality'. Tracing the spiritual path of the yearly cycle, Prokofieff penetrates to the deeper esoteric realities of the seven Christian festivals of Michaelmas, Christmas, Epiphany, Easter, Ascension, Whitsun and St John's Tide. Basing his research on the work of the twentieth-century initiate Rudolf Steiner, he reveals how these festivals are spiritual facts that exist independently of religious traditions and cultural customs. Working with the festivals in an esoteric sense can provide a true path of initiation, ultimately enabling an experience of the Being of the Earth, Christ. The journey of study through this book can thus lead the reader to an experience of the modern Christian-Rosicrucian path, along which '... it is possible to take the first steps towards life in partnership with the course of cosmic existence'. The Great Festivals of Colonial Mexico City Performing Power and Identity [UNM Press](#) This innovative work of cultural history examines the function of public rituals in colonial Mexico City. Festivals were a defining characteristic of life in the capital. For most of the colonial period, inhabitants could witness as many as 100 religious and civil celebrations in a year. The largest of these events, both civil and religious, were sponsored by the authorities and were crucial means to embody political and social concepts. The first European public rituals were introduced immediately after the conquest of the Aztec capital. Spanish priests seeking to evangelize the native population introduced Catholic festivals, and civil authorities sponsored celebrations designed to glorify the Spanish empire. Spectacle was one tool in an arsenal of colonizing agents, and over time the growing diversity of the population made festival statecraft all the more important, as government-sponsored revelry attempted to promote shared histories and values among diverse and potentially dangerous groups. Festivals organizers developed a highly sophisticated message embedded within the celebrations that delineated the principles of leadership and the duties of both rulers and vassals. The pervasiveness of festivals and the power of the political message associated with them created possibilities for individuals to assess and participate in a larger discussion of good governance in the colony. Overcoming Barriers to Evangelization in Japan [Wipf and Stock Publishers](#) With the advent of the Reiwa era and 2020 Tokyo Olympics, the world's attention is riveted on Japan's grand tradition. Yet these same traditions are the ones that are hindering our efforts for evangelization. A college student knows he will be disowned by his family if baptized, and a Christian wife cannot receive baptism because of her Buddhist husband's strong opposition. How can we combat against these? There are two approaches: 1. We can condemn Japanese practices as total darkness and preach against them, or; 2. We can follow Paul's teaching and deem the Japanese people as worshipping "an unknown god" (Acts 17:22-31), and try to emphasize common grace at each turn. This book follows the second approach, but provides judiciously placed "caution" signs. It will tell you how to engage in conversation with non-Christians while providing an insider's view of Japan's rich cultural heritage. Its main purpose is to obtain conversion among the die-hard Buddhists, Shintoists, and traditionalists. When that is done, God's kingdom will be enriched in a manner similar to the time when Saul of Tarsus became Paul the apostle. Alternative Tourism on Gran Canaria The diversification of tourism products as an alternative to mass tourism [diplom.de](#) Inhaltsangabe:Abstract: When thinking about the island of Gran Canaria hardly anyone has the image of endless green and yellow flushing mountains, little traditional colourful villages, undiscovered wine-cellars and hidden cultural treasures in mind. But this may change in the future, as Gran Canaria is on its way to a new tourism development, in search for alternative tourism. In recent years, there has been a rapid rise in interest for alternative forms of tourism, which are frequently presented as alternatives to traditional mass tourism. Factors responsible for the enhanced awareness include a greater awareness of the environmental impacts of tourism, a growing demand from tourists for new experiences and economic development policies. Today leisure and tourism are more than just elements in social life, but also indicate the individual's position in society. People are looking for sporting challenges like biking, climbing or rafting, or want to collect experience of life inside foreign cultures. On Gran Canaria alternative tourism expresses the alternative to the island's mass tourism. Nearly three million visitors have arrived annually on the island, but within the last years these numbers are decreasing constantly. An action out of this development was the implementation of a diversification policy, while focusing on other tourism resources Gran Canaria can present. The island offers much more than only sandy-white beaches and crystal clear water all year long. These new tourism products focus on the natural resources of the island in its interior, where the original life of indigenous people still can be witnessed. Products like rural tourism, activity tourism or golf tourism are becoming here more and more importance. Until now, only La Gomera and El Hierro are known for their alternative vacation offers within the Canary Islands. But this may change, as the island opens its doors for a new type of traveller through a very diverse tourist offer than the island was known for since years. There have been many ups and downs in the tourism development of the island in the last years, but it seems like if the island learned from its mistakes in the past and found a different way for its future tourist development. A new age of tourism is about to come for Gran Canaria. The objective of this paper is to introduce the reader to the term alternative tourism by portraying the particularities of this kind of tourism and show off the [...] Promoting Equality and Diversity: A Practitioner's Guide [Oceana Publications](#) Hill and Kenyon explain the fundamental changes in the drive to achieve equality and diversity in the workplace. Their book takes a task based approach, suggesting legal solutions to discrete practical problems, and providing clear guidance to enable practitioners to tackle individual problems they might encounter.
