**HOW CIVIL WARS START**

---

---

**AND HOW TO STOP THEM**

---

*Penguin UK 'When one of the world's leading scholars of civil war tells us that a country is on the brink of violent conflict, we should pay attention. This is an important book' Steven Levitsky and Daniel Ziblatt, authors of How Democracies Die Civil wars are the biggest danger to world peace today - this book shows us why they happen, and how to avoid them. Most of us don't know it, but we*

are living in the world's greatest era of civil wars. While violence has declined worldwide, civil wars have increased. This is a new phenomenon. With the exception of a handful of cases - the American and English civil wars, the French Revolution - historically it has been rare for people to organise and fight their governments. This has changed. Since 1946, over 250 armed conflicts have broken out around the world, a number that continues to rise. Major civil wars are now being fought in countries including Iraq, Syria and Libya. Smaller civil wars are being fought in Ukraine, India, and Malaysia. Even countries we thought could never experience another civil war - such as the USA, Sweden and Ireland - are showing signs of unrest. In *How Civil Wars Start*, acclaimed expert Barbara F. Walter, who has advised on political violence everywhere from the CIA to the U.S. Senate to the United Nations, explains the rise of civil war and the conditions that create it. As democracies across the world backslide and citizens become more polarised, civil wars will become even more widespread and last longer than they have in the past. This urgent and important book shows us a path back toward peace.

## READING LUCAN'S CIVIL WAR

---

### A CRITICAL GUIDE

---

University of Oklahoma Press Born in 39 C.E., the Roman poet Lucan lived during the turbulent reign of the emperor Nero. Prior to his death in 65 C.E., Lucan wrote prolifically, yet beyond some fragments, only his epic poem, the *Civil War*, has survived. Acclaimed by critics as one of the greatest literary achievements of the Roman Empire, the *Civil War* is a stirring account of the war between Julius Caesar and the forces of the republican senate led by Pompey the Great. *Reading Lucan's Civil War* is the first comprehensive guide to this important poem. Accessible to all readers, it is especially well suited for students encountering the work for the first time. As the editor, Paul Roche, explains in his introduction, the *Civil War* (alternatively known in Latin as *Bellum Civile*, *De Bello Civili*, or *Pharsalia*) is most likely an unfinished work. Roche places the poem in historical and literary contexts that will be helpful to first-time readers. The volume presents, chapter-by-chapter, essays that cover each of the *Civil War*'s ten extant books. Five further chapters address topics and issues pertaining to the entire work, including religion and ritual, philosophy, gender dynamics, and Lucan's relationships to Vergil and Julius Caesar. The contributors to this volume are all expert scholars who have published widely on Lucan's work and Roman imperial literature. Their essays provide readers with a detailed understanding of and appreciation for the poem's unique features. The contributors take special care to include translations of all original Latin passages and explain unfamiliar Latin and Greek terms. The volume is enhanced by a map of Lucan's Roman world and a glossary of key terms.

**READER'S GUIDE TO AMERICAN HISTORY**

---

*Routledge There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals, as well as broader themes, and are written by a team of well over 200 contributors, all scholars of American history.*

## **DISPATCHES FROM THE AMERICAN FUTURE**

---

*Simon and Schuster The United States is coming to an end. The only question is how. “Should be required reading for anyone interested in preserving our 246-year experiment in self-government.” —The New York Times Book Review \* “Well researched and eloquently presented.” —The Atlantic \* “It’s not a matter of if but when: A civil war is on the way...In a time of torment, this is a book well worth reading.” —Kirkus Reviews In this deeply researched work of speculative nonfiction that reads like Ezra Klein’s Why We’re Polarized crossed with David Wallace-Wells’s The Uninhabitable Earth, a celebrated journalist takes a fiercely divided America and imagines five chilling scenarios that lead to its collapse, based on in-depth interviews with experts of all kinds. On a small two-lane bridge in a rural county that loathes the federal government, the US Army uses lethal force to end a standoff with hard-right anti-government patriots. Inside an ordinary diner, a disaffected young man with a handgun takes aim at the American president stepping in for an impromptu photo-op, and a bullet splits the hyper-partisan country into violently opposed mourners and revelers. In New York City, a Category 2 hurricane plunges entire neighborhoods underwater and creates millions of refugees overnight—a blow that comes on the heels of a financial crash and years of catastrophic droughts— and tips America over the edge into ruin. These nightmarish scenarios are just three of the five possibilities most likely to spark devastating chaos in the United States that are brought to life in The Next Civil War, a chilling and deeply researched work of speculative nonfiction. Drawing upon sophisticated predictive models and nearly two hundred interviews with experts—civil war scholars, military leaders, law enforcement officials, secret service agents, agricultural specialists, environmentalists, war historians, and political scientists—journalist Stephen Marche predicts the terrifying future collapse that so many of us do not want to see unfolding in front of our eyes. Marche has spoken with soldiers and counterinsurgency experts about what it would take to control the population of the United States, and the battle plans for the next civil war have already been drawn up. Not by novelists, but by colonels. No matter your political leaning, most of us can sense that America is barreling toward catastrophe—of one kind or another. Relevant and revelatory, The Next Civil War plainly breaks down the looming threats to America and is a must-read for anyone concerned about the future of its people, its land, and its government.*

## **A CURIOUS STUDENT'S GUIDE TO THE BOOK OF EXODUS**

---

---

---

---

## **ENDURING LIFE LESSONS FOR THE TWENTY-FIRST CENTURY**

---

---

*Wipf and Stock Publishers No matter how many times you have read stories from the Bible, there is always something new to learn from the lives of its characters and the challenges they face. This is especially true for the book of Exodus, and this second Curious Student's Guide will help your children glean new insights into the Exodus narrative. This book will guide your children to these lessons by first summarizing key stories from Exodus and then asking thought-provoking questions. Consider the following example: Every reader of Exodus knows that Moses is its hero, but how many are aware of Miriam's heroism? Miriam is six years old when Moses is born. Very often, adults tell six-year-old children that they are too little to do this or that. But it is Miriam who approaches Pharaoh's daughter after she pulls baby Moses from the river to ask, "Shall I go and get you a Hebrew woman to nurse the child for you?" How dare any slave, especially a child, speak to Pharaoh's daughter and tell her what to do? Miriam dares, and by highlighting her bravery, this book challenges young readers to think about what they can accomplish by speaking up. With this Curious Student's Guide in hand, your children will discover similarly important life lessons they can apply to their own lives.*

**THE FELLERS CALLED HIM BILL**

---

---

**SECESSION AND THE OUTBREAK OF WAR**

---

*Xlibris Corporation* *The Fellers Called Him Bill* is a story of the American Civil War by P.J. Kearns. It is a thoroughly engaging account of the Great Rebellion following one young man's incredible journey through it. The generously illustrated narrative is presented as a three volume set Book 1 - Secession and the Outbreak of War Book 2 - The Rebellion Intensifies Book 3 - The Final Desperate Fighting and the Aftermath of War The story touches on the military, social, political, and economic realities of the era while introducing the larger-than-life Americans who shaped history in the mid 19th century. Loaded with fascinating anecdotes, photos, drawings, and maps. *The Fellers Called Him Bill* offers the reader a compelling narrative covering the most incredible period in American history. For a student of American History, the set of books would serve as an excellent source of material.
