em quadrinhos

Este livro traz um apanhado de fatos e costumes dos povos que formaram a nação brasileira, desde os primórdios da colonização pelos portugueses, em 1532, até a época da escravidão dos negros, passando pela formação da sociedade, alicerçada na miscigenação das raças e mostrando como cada uma delas influenciou na cultura do país.

Race and National Identity in Twentieth-Century Brazil

Cambridge University Press **This book examines how Gilberto Freyre's notion of mestiçagem (race mixing) became the overwhelmingly dominant narrative of national identity in twentieth-century Brazil. It will be of interest to scholars and students interested in Brazil, Latin America, race, nationalism, national identity, and popular culture.**

The Homilies of Photius, Patriarch of Constantinople

English Translation, Introduction and Commentary

Wipf and Stock Publishers **The historical role of Photius has, all too often, been viewed only as it concerned the rift between the Western and Eastern Churches. He has been regarded either as the "Father of the Schism" or as the staunch defender of Greek Orthodoxy against the encroachments of Rome. It is hoped that by presenting the Homilies of Photius in English translation these one-sided views may to some extent be corrected. For, surprising though it may appear, we shall not find in the Homilies a single reference to the Papacy. When they are not purely didactic, the Homilies are dominated by such topics as the suppression of the Iconoclast movement, the re-establishment of sacred painting, the propagation of the true faith among heretics, and the quelling of internal division in the Church of Constantinople. -From the Introduction**
