WWW.Ghostlycreepy.Net *True Ghost Stories* is a collection of real and frightening paranormal accounts from real people. Each story is unique in its own personal experience and has been told to the author, Selinda Hart. Having worked as an investigator and as a researcher for the paranormal radio show "Tia Maria" she has brought together some of the best hauntings, accounts of paranormal mysteries, and true ghost stories in this collection. The sixteen stories in this book include diverse paranormal phenomenon and unexplained mysteries set in different locations in the United States, and one compelling frightening story from Spain. As one former skeptic reports from his scary experience, "I was never a believer in the paranormal and I thought ghosts were simply a figment of someone's overactive imagination. I no longer scoff at people who claim to see ghosts. I never found out who or what was haunting that house. But I wasn't going to stay and find out." "The House off Greenville," "Red Balloon," "Ghost in the Bedroom," and "Who's been playing with my kids?" are real stories about events and paranormal activity that took place in the Dallas house where the author lived in as a single mom for over five years. Her children are grown now, but to this day they do not like talking about the strange activity and events that took place in that house. If you like reading scary stories, paranormal mysteries, and unexplained phenomenon, then "True Ghost Stories" will leave you with chills. Createspace Independent Publishing Platform *Eerie True Paranormal Hauntings, Unexplained Phenomena And Disturbing True Ghost Stories* Do you believe in ghosts? A lot of us have already been asked this question - some of us must have answered yes, many could have answered no, and others would say: "I will, when I see one." Well, if you had to experience even one of the things that we discuss in this book, perhaps, you will change your mind on actually seeing ghosts... It may be hard to accept that the place we are living in is occupied by entities we cannot see. Many claim that if a place becomes abandoned for a long time, then ghosts may see it as a sign of welcome, and hence, they would reside in that area. However, there are various reasons as to why a place (or a person) is haunted - it could be memories, a refusal to cross over, deliberately communicating with the dead or perhaps, one is just gifted. Reading this book may make you more aware of your surroundings; who knows, perhaps one of these days, you'll realize that a part of your life is also haunted... # The Ghosts of Borley

David & Charles *A paranormal investigation into the haunting of the infamous Borley Rectory and other chilling lore of England. Built in 1863, the Gothic-style parish in the Essex village of Borley gained a nerve-jangling notoriety. Claims of apparitions, unexplained footsteps, and a phantom carriage that rode the grounds after dark, made the mansion as forbidding to locals as it was a draw to ghost hunters. Even after it was destroyed, the unexplainable terrors of what was known as "the most haunted house in England" continued. Borley House is just one of the legends featured in this compendium of the supernatural phenomena occurring for centuries on the Essex/Suffolk border. Psychic investigator Wesley Downes also explores the mysterious "Sweeps Boy" of Dedham; the vanishing island off Manningtree; the ghosts of Thorington Hall and the White Hart Hotel in Nayland; the strange visitations in Capel St. Mary; and the restless spirit of Matthew Hopkins, the sadistic 17th century Witchfinder General who still haunt the countryside. And many more. The Ghosts of Borley is part of The Paranormal, a series that resurrects rare titles, classic publications, and out-of-print texts, as well as publishes new supernatural and otherworldly ebooks for the digital age. The series includes a range of paranormal subjects from angels, fairies, and UFOs to near-death experiences, vampires, ghosts, and witchcraft.*
